Preface Parents and Students:	12
Accessibility	13
Section One: Parental Rights	14
Consent, Opt-Out, and Refusal Rights	14
Consent to Conduct a Psychological Evaluation	14
Consent to Human Sexuality Instruction	14
Annual Notification	14
Consent Before Human Sexuality Instruction	16
Consent Before Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking	16
Annual Notification	16
Consent to Provide a Mental Health Care Service	17
Consent to Display a Student's Original Works and Personal Information	17
Consent to Receive Parenting and Paternity Awareness Instruction if a Student is under Age 14	18
Consent to Video or Audio Record a Student when Not Already Permitted by Law	18
Limiting Electronic Communications between Students and District Employees	18
Objecting to the Release of Directory Information	19
Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)	20
Participation in Third-Party Surveys	20
Consent Required Before Student Participation in a Federally Funded Survey	20
"Opting Out" of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information	21
Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction	21
Reciting a Portion of the Declaration of Independence in Grades 3–12	21
Reciting the Pledges to the U.S. and Texas Flags	22
Religious or Moral Beliefs	22
Tutoring or Test Preparation	22
Right of Access to Student Records, Curriculum Materials, and District Records/Policies	23
Instructional Materials	23
Notices of Certain Student Misconduct to Noncustodial Parent	23

Participation in Federally Required, State-Mandated, and District Assessments	23
Student Records	23
Accessing Student Records	23
Authorized Inspection and Use of Student Records	24
Teacher and Staff Professional Qualifications	27
A Student with Exceptionalities or Special Circumstances	27
Children of Military Families	27
Parental Role in Certain Classroom and School Assignments	27
Multiple-Birth Siblings	27
Safety Transfers/Assignments	28
Student Use of a Service/Assistance Animal	28
A Student in the Conservatorship of the State (Foster Care)	28
A Student Who Is Homeless	29
A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services	30
Special Education Referrals	30
Contact Person for Special Education Referrals	31
Section 504 Referrals	31
Contact Person for Section 504 Referrals	31
Notification to Parents of Intervention Strategies for Learning Difficulties Provided to Students in General Education	32
A Student Who Receives Special Education Services with Other School-Aged Children in the Home	32
A Student Who Speaks a Primary Language Other than English	32
A Student with Physical or Mental Impairments Protected under Section 504	32
Section Two: Other Important Information for Parents and Students	33
Absences/Attendance	33
Compulsory Attendance	33
Prekindergarten and Kindergarten	33
Ages 6–18	33
Age 19 and Older	33
Compulsory Attendance—Exemptions	33
All Grade Levels	33
Secondary Grade Levels	34
Compulsory Attendance—Failure to Comply	35
All Grade Levels	35
Students with Disabilities	35

Ages 6–18	35
Age 19 and Older	35
Attendance for Credit or Final Grade (All Grade Levels)	36
Official Attendance-Taking Time (All Grade Levels)	36
Documentation after an Absence (All Grade Levels)	36
Doctor’s Note after an Absence for Illness (All Grade Levels)	37
Certification of Absence Due to Severe Illness or Treatment	38
Driver License Attendance Verification (Secondary Grade Levels Only)	38
Accountability under State and Federal Law (All Grade Levels)	38
Armed Services Vocational Aptitude Battery Test (Grades 10–12)	39
Awards and Honors (All Grade Levels)	39
Bullying (All Grade Levels)	39
Career and Technical Education (CTE) and Other Work-Based Programs (Secondary Grade Levels Only)	41
Career Preparation	41
Practicum in Ag (including Ag Mechanics, Animal Science, Horticulture, and Vet Science)	41
Practicum in Audio/Video Production	41
Practicum in Business Management	41
Practicum in Construction Technology	41
Practicum in Culinary Arts	41
Practicum in Education and Training (Practicum in Education and Coaching)	41
Practicum in Engineering	41
Practicum in Health Science (including Healthcare Rotation, Medical Assistant, and Pharmacy Technician)	41
Practicum in Hospitality (Practicum in Event Planning and Restaurant Management)	42
Practicum in Information Technology	42
Practicum in Law, Public Safety, Corrections and Security	42
Practicum in Manufacturing (including Woods and Welding)	42
Practicum in Marketing	42
Practicum in Transportation, Distribution, and Logistics (including Automotive Technology and Auto Collision)	42
Admission and enrollment to these programs is based on completion of prerequisite courses within a program of study, teacher approval, and transportation availability (to and from practicum site).	42
Celebrations (All Grade Levels)	42
Child Sexual Abuse, Trafficking, and Other Maltreatment of Children (All Grade Levels)	42
Warning Signs of Sexual Abuse	43

Warning Signs of Trafficking	43
Reporting and Responding to Sexual Abuse, Trafficking, and Other Maltreatment of Children	44

Preface Parents and Students:

Welcome to the new school year!

Education is a team effort. Students, parents, teachers, and other staff members working together will make this a successful year.

The Lewisville ISD Student Handbook is a general reference guide that is divided into two sections:

Section One: Parental Rights describes certain parental rights as specified in state or federal law.

Section Two: Other Important Information for Parents and Students is organized alphabetically by topic. Where applicable, the topics are further organized by grade level.

Note: Unless otherwise noted, the term “parent” refers to the parent, legal guardian, any person granted some other type of lawful control of a student, or any other person who has agreed to assume school-related responsibility for a student.

The Student Handbook is designed to align with law, board-adopted policy, and the Student Code of Conduct, a board-adopted document intended to promote school safety and an atmosphere for learning. The Student Handbook is not meant to be a complete statement of all policies, procedures, or rules in any given circumstance.

In case of conflicts between board policy (including the Student Code of Conduct) and any Student Handbook provision, the district will follow board policy and the Student Code of Conduct.

Therefore, parents and students should become familiar with the Lewisville ISD Student Code of Conduct. To review the Code of Conduct, visit the district's website at <https://www.lisd.net/Page/17659>. State law requires that the Code of Conduct be prominently displayed or made available for review at each campus.

The Student Handbook is updated annually; however, policy adoption and revisions may occur throughout the year. The district encourages parents to stay informed of proposed policy changes by attending board meetings and reviewing newsletter and other communications explaining changes in policy or other rules that affect Student Handbook provisions. The district reserves the right to modify the Student Handbook at any time. Notice of revisions will be provided as is reasonably practical.

Although the Student Handbook may refer to rights established through law or district policy, it does not create additional rights for parents and students. It does not, nor is it intended to, represent a contract between any parent or student and the district.

A hard copy of either the Student Code of Conduct or Student Handbook can be requested at your child's campus.

Note: References to board policy codes are included for ease of reference. The hard copy of the district's official policy manual is available for review in the district superintendent's office, and an unofficial electronic copy is available at <https://pol.tasb.org/Home/Index/384>.

The policy manual includes:

- Legally referenced (LEGAL) policies that contain provisions from federal and state laws and regulations, case law, and other legal authorities that provide the legal framework for school districts.
- Board-adopted (LOCAL) policies that articulate the board's choices and values regarding district practices.

If you or your child have questions about any of the material in this handbook, please contact your campus principal or assistant principal. Also, please complete all back to school forms in Skyward Family Access (preferred) or request a paper copy if needed to return to your child's campus at the beginning of the year or upon the student's enrollment. These forms include:

- Acknowledgment of Electronic Distribution of Student Handbook, Student Code of Conduct, and district Acceptable Use Policy,
- Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information, and
- Parent's Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education (if you choose to restrict the release of information to these entities).

[See **Objecting to the Release of Directory Information** and **Consent Required Before Student Participation in a Federally Funded Survey** for more information.]

Accessibility

If you have difficulty accessing this handbook because of a disability, please contact:

Rebecca Clark
Executive Director of Student Services
1565 W. Main St. Lewisville, TX 75067
studentservices@lisd.net
469-713-5206

Section One: Parental Rights

This section describes certain parental rights as specified in state or federal law.

Consent, Opt-Out, and Refusal Rights

Consent to Conduct a Psychological Evaluation

Unless required under state or federal law, a district employee will not conduct a psychological examination, test, or treatment without obtaining prior written parental consent.

Note: An evaluation may be legally required under special education rules or by the Texas Education Agency for child abuse investigations and reports.

Consent to Human Sexuality Instruction

Annual Notification

As a part of the district's curriculum, students receive instruction related to human sexuality. Instruction covers the Texas Essential Knowledge and Skills approved by the State Board of Education. The School Health Advisory Council (SHAC) makes recommendations for curriculum materials, and the school board adopts the materials and determines the specific content of the instruction.

Consent and Opting In for Human Sexuality Content

In accordance with state law and board policy (EHAA) parents must provide written consent in order for student to be able to participate in these lessons. Students will not be allowed to participate unless we receive written consent. As a parent, you may exempt your child from participating in any part of the district's human sexuality instruction. Your child's teacher will assign alternative lessons or activities. Your child will not be subject to any disciplinary action, academic penalty or other sanction. A detailed description of the content of the human sexuality instruction and a general schedule on which the instruction can be found on the district's human sexuality instruction website at lisd.net/healthinstruction.

Elementary School - Grades 4 and 5

4th and 5th grade students will receive instruction on the following topics as part of the Human Sexuality Curriculum.

- 4th and 5th grade: Changes in males and females during puberty and adolescent development

Instruction will be provided during the 2024-25 school year and will be scheduled collaboratively by the school nurse and campus administrator. In compliance with TEA guidelines, parents will be required to submit permission for their student to participate. Parents will be given the opportunity to preview the material within 14 days of the start of the lesson.

The following instructional resource has been recommended by the LISD School Health Advisory Council to the School Board for use in grades 4 and 5. Please contact your school nurse to preview these videos. The timing for this instruction is unique to each campus, but typically occurs in the spring.

- 4th grade: Meet the New You (Marsh Media) 5th grade: Always Changing (Proctor & Gamble)

**please review permission slips upon receipt for options related to this program*

Middle School - Grades 6 and 7

6th and 7th Grade students will receive instruction on the following topics in the mid to late spring of the school year.

- 6th - Puberty and Human Reproduction and Development
- 7th - Teen Pregnancy, Sexual Risk, and Abstinence

The following instructional materials have been recommended by the LISD School Health Advisory Council to the School Board for human sexuality instruction in grade 6 and 7.

- Texas Health Skills for Middle School, Goodheart Willcox: This Canvas course will be digitally distributed to students whose families have OPTED IN to the content for their students.

Parents will be required to submit permission for their student to participate and will be given the opportunity to preview the material at least 14 days prior to the start of the unit.

If a parent would like to preview the materials in person, please contact the campus administration to set up a time during regular business hours.

High School - Health I

Health I is an elective course for high school students in LISD.

Students that choose to take the 9-week elective course will receive instruction on the following topics as part of Unit 5: Reproductive and Sexual Health that is taught in the last 2-3 weeks of the course. In this unit, students will

- Identify the characteristics of healthy and unhealthy relationships and learn to use communication and refusal skills to set personal boundaries and develop strategies for responding to sexual harassment and abuse.
- Describe the changes associated with adolescent development and explain the process of fertilization, fetal development, and the importance of prenatal care.
- Learn that sexual abstinence until marriage is the only 100% effective means of avoiding unplanned pregnancies and sexually transmitted diseases/sexually transmitted infections (STDs/STIs) as well as the legal, financial, and social issues associated with sexual health and reproduction.

The following instructional materials have been recommended by the LISD School Health Advisory Council to the School Board for human sexuality instruction in the elective Health I course.

- Companion Text to Accompany Texas Health Skills for High School
 - Publisher: Goodheart-Willcox

By: Catherine Sanderson, Mark Zelman, Diane Farthing, Melanie Lynch, and
Melissa Munsell
Copyright: 2023

Parents will be required to submit permission for their student to participate and will be given the opportunity to preview the material at least 14 days prior to the start of the unit.

If a parent would like to preview the materials in person, please contact the campus administration to set up a time during regular business hours.

In accordance with state law, a parent may:

- Review, receive a copy of, or purchase a copy of curriculum materials depending on the copyright of the materials.
- Remove his or her child from any part of the human sexuality instruction without academic, disciplinary, or other penalties.
- Become involved in the development of this curriculum by becoming a member of the district's SHAC or attending SHAC meetings. (See the campus principal for details.)
- Use the district's grievance procedure concerning a complaint. See **Complaints and Concerns (All Grade Levels)** and FNG(LOCAL).

State law also requires that instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS):

- Present abstinence from sexual activity as the preferred choice in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence, if used consistently and correctly, is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted infections, and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to abstain from sexual activity before marriage as the most effective way to prevent pregnancy and sexually transmitted diseases; and
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates

[See **Consent to Instruction of Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking.**]

Consent Before Human Sexuality Instruction

- Before a student receives human sexuality instruction, the parent must give written consent. Parents will be sent a request for written consent at least 14 days before the instruction will begin.

For further information, see the district's human sexuality instruction website at lisd.net/healthinstruction

Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking

Before a student receives instruction on the prevention of child abuse, family violence, dating violence and sex trafficking, the district must obtain written consent from the student's parent. Parents will be sent a request for written consent at least 14 days before the instruction will begin.

Annual Notification

Students receive instruction related to the prevention of child abuse, family violence, dating violence, and sex trafficking. The School Health Advisory Council (SHAC) makes recommendations for curriculum materials, and the school board adopts the materials and determines the specific content of the instruction.

Senate Bill 9 requires public schools to provide instruction to students relating to the prevention of child abuse, family violence, dating violence, and sex trafficking. SB 9 also requires public schools to obtain parent/guardian consent for students to receive this instruction.

Before a student may be provided with instruction related to child abuse, family violence, dating violence, and sex trafficking, **Lewisville ISD must obtain written consent from the student's parent/guardian. Parents/Guardians will complete the SB9 Consent Form as part of Student Back to School Forms Back to School Forms in Skyward Family Access.**

*Please note: not all topics are covered at every grade level.

For further information, see the district's abuse prevention instruction website at <https://www.lisd.net/sb9>.

In accordance with state law, a parent may:

- Review, receive a copy of, or purchase a copy of curriculum materials depending on the copyright of the materials. As required by law, any curriculum materials in the public domain used in this instruction will be posted on the district's website at the location indicated above.
- Remove his or her child from any part of this instruction without academic, disciplinary, or other penalties.
- Become involved in the development of this curriculum by becoming a member of the district's SHAC or attending SHAC meetings. (See the campus principal for details.)
- Use the district's grievance procedure concerning a complaint. See **Complaints and Concerns (All Grade Levels)** and policy FNG for information on the grievance and appeals process.

[See **Consent to Human Sexuality Instruction** on page ; **Dating Violence** on page ; and **Child Sexual Abuse, Neglect Trafficking, and Other Maltreatment of Children.**]

Consent to Provide a Mental Health Care Service

The district will not provide a mental health care service to a student or conduct a medical screening of a student as part of the district's intervention procedures except as permitted by law.

The district has established procedures for recommending to a parent an intervention for a student with early warning signs of mental health concerns, substance abuse, or suicide risk. The campus-counselor will notify the student's parent within a reasonable amount of time after

the counselor learns that a student has displayed early warning signs and provide information about available resource options.

Campus Counselors will notify parents/caregivers by phone the the same day of any concerns related to early mental health concerns, drug use or suicide risk. Parents/Caregivers will be provided resource information and on-going support for accessing outside resources should parents/caregivers seek to do so.

The district has also established procedures for staff to notify the campus counselor regarding a student who may need intervention.

All staff are trained on procedures for reporting to the campus counselor, any concerns related to early mental health concerns, drug use and/or suicide risk.

Contact information for your child's campus counselor can be found at:

<https://www.lisd.net/domain/5342>: Choose the campus and then Programs and Services /Counseling.

The campus counselor can provide further information regarding these procedures as well as curriculum materials on identifying risk factors, accessing resources for treatment or support on and off campus, and accessing available student accommodations provided on campus.

[See **Mental Health Support.**]

Consent to Display a Student's Original Works and Personal Information

Teachers may display a student's work in classrooms or elsewhere on campus as recognition of student achievement without seeking prior parental consent. These displays may include personally identifiable student information. Student work includes:

- Artwork,
- Special projects,
- Photographs,
- Original videos or voice recordings, and
- Other original works.

However, the district will seek parental consent before displaying a student's work on the district's website, a website affiliated or sponsored by the district (such as a campus or classroom website), or in district publications, which may include printed materials, videos, or other methods of mass communication.

Consent to Receive Parenting and Paternity Awareness Instruction if a Student is under Age 14

A student under age 14 must have parental permission to participate in the district's [Parenting and Paternity Awareness Program](https://www.texasattorneygeneral.gov/child-support/programs-and-initiatives/parenting-and-paternity-awareness-papa/papa-educators/papa-curriculum). This program was developed by the Office of the Texas Attorney General and the State Board of Education (SBOE) to be incorporated into health education classes.

(<https://www.texasattorneygeneral.gov/child-support/programs-and-initiatives/parenting-and-paternity-awareness-papa/papa-educators/papa-curriculum>).

Consent to Video or Audio Record a Student when Not Already Permitted by Law

State law permits the school to make a video or voice recording without parental permission when the recording is to be used for:

- School safety
- Classroom instruction or a co curricular or extracurricular activity
- Media coverage of the school
- Promotion of student safety as provided by law for a student receiving special education services in certain settings.

In other circumstances, the district will seek written parental consent before making a video or voice recording of a student.

Please note that parents and visitors to a classroom, both virtual and in person, may not record video or audio or take photographs or other still images without permission from the teacher or other school official.

Opting Out of Advanced Mathematics in Grades 6-8

The district will automatically enroll a student in grade 6 in an advanced mathematics course if the student performed in the top 40 percent on the grade 5 mathematics STAAR or a local measure that demonstrates proficiency in the student's grade 5 mathematics course work. Enrollment in an advanced mathematics course in grade 6 will enable students to enroll in Algebra I in grade 8 and advanced mathematics in grades 9-12.

The student's parent may opt the student out of automatic enrollment in an advanced mathematics course.

Limiting Electronic Communications between Students and District Employees

The district permits teachers and other approved employees to use electronic communications with students within the scope of professional responsibilities, as described by district guidelines.

For example, a teacher may create a social networking page for his or her class to relay information regarding class work, homework, and tests. A parent is welcome to access such a page.

However, text messages sent to an individual student are only allowed if a district employee with responsibility for an extracurricular activity must communicate with a student participating in that activity. An employee who communicates with a student using text messaging shall comply with the following protocol:

- The employee is required to include at least one of the student's parents or guardians as a recipient on all text messages OR
- The employee is required to include his or her immediate supervisor as recipients on all text messages OR

- The employee is required to send a copy of the text message to the employee's district email address.

A parent who does not want his or her child to receive one-to-one electronic communications from a district employee should contact the campus principal.

Objecting to the Release of Directory Information

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated "directory information" from a student's education records without written consent.

"Directory information" is information that, if released, is generally not considered harmful or an invasion of privacy. Examples include:

- A student's photograph (for publication in the school yearbook);
- A student's name and grade level (for communicating class and teacher assignments);
- The name, weight, and height of an athlete (for publication in a school athletic program);
- A list of student birthdays (for generating schoolwide or classroom recognition),
- A student's name and photograph (posted on a district-approved and -managed social media platform); and
- The names and grade levels of students submitted by the district to a local newspaper or other community publication (to recognize the A/B honor roll for a specific grading period.)

Directory information will be released to anyone who follows procedures for requesting it.

However, a parent or eligible student may object to the release of this information. Any objection must be made in writing to the principal within ten school days of the student's first day of instruction for this school year. [See **Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information**, included in the online Skyward back to school forms.]

The district requests that families living in a shelter for survivors of family violence or trafficking notify district personnel that the student currently resides in such a shelter. Families may want to opt out of the release of directory information so that the district does not release any information that might reveal the location of such a shelter.

As allowed by state law, the district has identified two directory information lists—one for school-sponsored purposes and a second for all other requests. For district publications and announcements, the district has designated the following as directory information: *student name, address, photograph, honors and awards, dates of attendance, grade level, enrollment status, most recent school previously attended, participation in officially recognized activities and sports, and weight and height of members of athletic teams*. If a parent does not object to the use of his or her child's information for these school-sponsored purposes, the school will not ask permission each time the district wants to use the information for these purposes.

For all other purposes, the district has identified the following as directory information: *student name, honors and awards, enrollment status, and participation in officially recognized activities and sports*. If a parent does not object to the use of the student's information for these purposes, the school **must** release this information when requested by an outside entity or individual.

Note: Also see **Authorized Inspection and Use of Student Records**.

Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)

Unless a parent has advised the district not to release his or her student's information, the Every Student Succeeds Act (ESSA) requires the district to comply with requests from military recruiters or institutions of higher education to provide the following information about students

- Name
- Address
- Telephone listing

Military recruiters may also have access to a student's district-provided email address, unless a parent has advised the district not to release this information.

[See **Parent's Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education**, included in the online Skyward back to school forms.]

Participation in Third-Party Surveys

Consent Required Before Student Participation in a Federally Funded Survey

The Protection of Pupil Rights Amendment (PPRA) provides parents certain rights regarding participation in surveys, the collection and use of information for marketing purposes, and certain physical exams.

A parent has the right to consent before a student is required to submit to a survey funded by the U.S. Department of Education that concerns any of the following protected areas:

- Political affiliations or beliefs of the student or the student's parent;
- Mental or psychological problems of the student or the student's family;
- Sex behavior or attitudes;
- Illegal, antisocial, self-incriminating, or demeaning behavior;
- Critical appraisals of individuals with whom the student has a close family relationship;
- Legally recognized privileged relationships, such as with lawyers, doctors, and ministers;
- Religious practices, affiliations, or beliefs of the student or parent; or
- Income, except when the information is required by law and will be used to determine the student's eligibility for a program.

A parent may inspect the survey or other instrument and any corresponding instructional materials used in connection with such a survey. [See policy EF(LEGAL) for more information.]

"Opting Out" of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information

The PPRA gives parents the right to receive notice and an opportunity to opt a student out of:

- Activities involving the collection, disclosure, or use of personal information gathered from the child for the purpose of marketing, selling, or otherwise disclosing that information to others.

- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of the student.

Exceptions are hearing, vision, or spinal screenings, or any physical examination or screening permitted or required under state law. [See policies EF and FFAA for more information.]

A parent may inspect:

- Protected information surveys of students and surveys created by a third party;
- Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
- Instructional material used as part of the educational curriculum.

The ED provides extensive information about the [Protection of Pupil Rights Amendment](https://studentprivacy.ed.gov/resources/protection-pupil-rights-amendment-ppra-general-guidance) (<https://studentprivacy.ed.gov/resources/protection-pupil-rights-amendment-ppra-general-guidance>), including a [PPRA Complaint Form](https://studentprivacy.ed.gov/file-a-complaint) (<https://studentprivacy.ed.gov/file-a-complaint>).

Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction

See **Consent to Human Sexuality Instruction** and **Consent to Instruction on Prevention of Child Abuse, Neglect Family Violence, Dating Violence, and Sex Trafficking** for information on a parent's right to remove a student from such instruction.

Reciting a Portion of the Declaration of Independence in Grades 3–12

State law designates the week of September 17 as Celebrate Freedom Week and requires all social studies classes to provide the following:

- Instruction concerning the intent, meaning, and importance of the Declaration of Independence and the U.S. Constitution; and
- A specific recitation from the Declaration of Independence for students in grades 3–12.

Per state law, a student may be excused from recitation of a portion of the Declaration of Independence if any of the following apply:

- A parent provides a written statement requesting that his or her child be excused;
- The district determines that the student has a conscientious objection to the recitation; or
- A parent is a representative of a foreign government to whom the U.S. government extends diplomatic immunity.

[See policy EHBK(LEGAL) for more information.]

Reciting the Pledges to the U.S. and Texas Flags

A parent may request that his or her child be excused from participation in the daily recitation of the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. The request must be made in writing.

State law, however, requires that all students participate in one minute of silence following recitation of the pledges.

[See **Pledges of Allegiance and a Minute of Silence** and policy EC(LEGAL) for more information.]

Religious or Moral Beliefs

A parent may remove his or her child temporarily from the classroom if a scheduled instructional activity conflicts with the parent's religious or moral beliefs.

The removal may not be used to avoid a test and may not extend for an entire semester. The student must also satisfy grade-level and graduation requirements as determined by the school and by state law.

Tutoring or Test Preparation

A teacher may determine that a student needs additional targeted assistance for the student to achieve mastery in state-developed essential knowledge and skills based on:

- Informal observations;
- Evaluative data such as grades earned on assignments or tests; or
- Results from diagnostic assessments.

The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible.

In accordance with state law and policy EC, districts must obtain parental permission before removing a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the days the class is offered.

Under state law, students with grades below 70 for a reporting period are required to attend tutorial services—if the district offers these services.

[For questions about school-provided tutoring programs, contact the student's teacher and see policies EC and EHBC. See **Standardized Testing** for information regarding required accelerated instruction after a student fails to perform satisfactorily on certain state-mandated tests.]

Right of Access to Student Records, Instructional Materials, and District Records/Policies

Parent Review of Instructional Materials

A parent has the right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered, whether instruction is delivered in-person, virtually, or remotely.

The district will make instructional materials available for parent review no later than 30 days before the school year begins and for at least 30 days after the school year ends. To review instructional materials, please contact the student's teacher or a campus administrator. Many materials for secondary students are also available in Canvas. However, tests that have not yet been administered will not be made available for parent examination.

The district will provide login credentials to each student's parent for any learning management system or online learning portal used in instruction to facilitate parent access and review.

A parent is also entitled to request that the school allow the student to take home instructional materials the student uses. The school may ask the student to return the materials at the beginning of the next school day.

A school must provide printed versions of electronic instructional materials to a student if the student does not have reliable access to technology at home.

[For information about parental access to any online library catalog and library materials, see Library (All Grade Levels)]

District Review of Instructional Materials

A parent may request that the district conduct an instructional material review in a math, English Language Arts, science, or social studies class in which the parent's student is enrolled to determine alignment with state standards and the level of rigor for the grade level.

The district is not required to conduct an instructional material review for a specific subject area or grade level at a specific campus more than once per school year.

For more information about requesting an instructional material review, contact the campus principal.

Notices of Certain Student Misconduct to Noncustodial Parent

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child's misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See the LISD Student Code of Conduct and policy FO(LEGAL) for more information.]

Participation in Federally Required, State-Mandated, and District Assessments

In accordance with the Every Student Succeeds Act (ESSA), a parent may request information regarding any federal, state, or district policy related to his or her child's participation in required assessments.

Student Records

Accessing Student Records

A parent may review his or her child's records, including:

- Attendance records;
- Test scores;
- Grades;
- Disciplinary records;
- Counseling records;
- Psychological records;
- Applications for admission;
- Health and immunization information;
- Other medical records;

- Teacher and school counselor evaluations;
- Reports of behavioral patterns;
- Records relating to assistance provided for learning difficulties, including information collected regarding any intervention strategies used with the child, as the term “intervention strategy” is defined by law;
- State assessment instruments that have been administered to the child; and
- Teaching materials and tests used in the child’s classroom.

Authorized Inspection and Use of Student Records

The Family Educational Rights and Privacy Act (FERPA) affords parents and eligible students certain rights regarding student education records.

For purposes of student records, an “eligible” student is anyone age 18 or older or who attends a postsecondary educational institution. These rights, as discussed here and at **Objecting to the Release of Directory Information**, are the right to:

- Inspect and review student records within 45 days after the day the school receives a request for access;
- Request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA;
- Provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent; and
- [File a complaint](https://studentprivacy.ed.gov/file-a-complaint) (<https://studentprivacy.ed.gov/file-a-complaint>) with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements.

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy.

Before disclosing personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance—including grades, test results, and disciplinary records—is considered confidential educational records.

Inspection and release of student records is restricted to an eligible student or a student’s parent unless the school receives a copy of a court order terminating parental rights or the right to access a student’s education records. A parent’s rights regarding access to student records are not affected by the parent’s marital status.

Federal law requires that control of the records goes to the student as soon as the student meets at least one of the following criteria:

- Reaches the age of 18
- Is emancipated by a court
- Enrolls in a postsecondary educational institution

However, the parent may continue to have access to the records if the student is a dependent for tax purposes and, under limited circumstances, when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student's education records without written consent of the parent or eligible student when school officials have what federal law refers to as a "legitimate educational interest" in a student's records.

Legitimate educational interest may include:

- Working with the student;
- Considering disciplinary or academic actions, the student's case, or an individualized education program for a student with disabilities;
- Compiling statistical data;
- Reviewing an educational record to fulfill the official's professional responsibility; or
- Investigating or evaluating programs.

School officials may include:

- Board members and employees, such as the superintendent, administrators, and principals;
- Teachers, school counselors, diagnosticians, and support staff (including district health or medical staff);
- A person or company with whom the district has contracted or allowed to provide a specific institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer);
- A person appointed to serve on a team to support the district's safe and supportive school program;
- A school resource officer
- A parent or student serving on a school committee; or
- A parent or student assisting a school official perform their duties.

FERPA also permits the disclosure of personally identifiable information without written consent:

- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General's office, the U.S. Attorney General's office, the U.S. Secretary of Education, the Texas Education Agency, the U.S. Secretary of Agriculture's office, and Child Protective Services (CPS) caseworkers or, in certain cases, other child welfare representatives.
- To individuals or entities granted access in response to a subpoena or court order.
- To another school, district/system, or postsecondary educational institution to which a student seeks or intends to enroll or in which the student already is enrolled.
- In connection with financial aid for which a student has applied or has received.
- To accrediting organizations to carry out accrediting functions.

- To organizations conducting studies for, or on behalf of, the school to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.
- To appropriate officials in connection with a health or safety emergency.
- When the district discloses directory information-designated details. [See **Objecting to the Release of Directory Information** to prohibit this disclosure.]

Release of personally identifiable information to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The campus principal is custodian of all records for currently enrolled students at the assigned school. The superintendent is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wants to inspect the student's records should submit a written request to the custodian of records identifying the records he or she wants to inspect.

Records may be reviewed in person during regular school hours. The records custodian or designee will be available to explain the record and to answer questions.

A parent or eligible student who submits a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review the records.

Information to contact the campus principal who is custodian of records for currently enrolled students may be found at <https://www.lisd.net/domain/5342>.

The principal is the custodian of records for students who have withdrawn or graduated. Requests for records may be made at <https://www.lisd.net/Page/9343>.

A parent or eligible student may inspect the student's records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights.

A request to correct a student's record should be submitted to the appropriate custodian of records. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If after the hearing the records are not amended, the parent or eligible student has 30 school days to place a statement in the student's record.

Although improperly recorded grades may be challenged, contesting a student's grade in a course or on an examination is handled through the complaint process found in policy FNG(LOCAL). A grade issued by a teacher can be changed only if the board of trustees determines that the grade is arbitrary, erroneous, or inconsistent with the district's grading guidelines.

[See **Report Cards/Progress Reports and Conferences, Complaints and Concerns**, and **Finality of Grades** at Policy FNG(LEGAL).]

The district's student records policy is found at policy FL(LEGAL) and (LOCAL) and is available at the principal's or superintendent's office [or on the district's website at <https://pol.tasb.org/Home/Index/384>].

Note: The parent's or eligible student's right of access to and copies of student records does not extend to all records. Materials that are not considered educational records—such as a teacher's personal notes about a student shared only with a substitute teacher—do not have to be made available.

Teacher and Staff Professional Qualifications

A parent may request information regarding the professional qualifications of his or her child's teachers, including whether the teacher:

- Has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- Has an emergency permit or other provisional status for which state requirements have been waived; and
- Is currently teaching in the field or discipline of his or her certification.

The parent also has the right to request information about the qualifications of any paraprofessional who may provide services to the child.

A Student with Exceptionalities or Special Circumstances

Children of Military Families

The Interstate Compact on Educational Opportunities for Military Children, entitles children of military families to flexibility regarding certain district and state requirements, including:

- Immunization requirements;
- Grade level, course, or educational program placement;
- Eligibility requirements for participation in extracurricular activities;
- Enrollment in the Texas Virtual School Network (TXVSN); and
- Graduation requirements.

The district will excuse absences related to a student visiting a parent, including a stepparent or legal guardian, who is:

- Called to active duty,
- On leave, or
- Returning from a deployment of at least four months.

The district will permit **no more than five** excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent's return from deployment.

Additional information may be found at [Military Family Resources at the Texas Education Agency](https://tea.texas.gov/about-tea/other-services/military-family-resources) (<https://tea.texas.gov/about-tea/other-services/military-family-resources>).

Parental Role in Certain Classroom and School Assignments

Multiple-Birth Siblings

State law permits a parent of multiple-birth siblings (for example, twins, triplets) assigned to the same grade and campus to request in writing that the children be placed in either the same classroom or separate classrooms.

Written requests must be submitted by the 14th day after the students' enrollment. [See policy FDB(LEGAL) for more information.]

Safety Transfers/Assignments

The board or its designee will honor a parent's request to transfer his or her child to another classroom or campus if the district has determined that the child has been a victim of bullying, including cyberbullying, as defined by Education Code 37.0832.

The board may transfer a student who has engaged in bullying to another classroom. The board will consult with the parent of a child who has engaged in bullying before deciding to transfer the child to another campus.

Transportation is not provided for a transfer to another campus. See the principal for more information

[See **Bullying**, and policies FDB and FFI for more information.]

The district will honor a parent's request for the transfer of his or her child to a safe public school in the district if the child attends a school identified by the Texas Education Agency as persistently dangerous or if the child has been a victim of a violent criminal offense while at school or on school grounds.

[See policy FDE for more information.]

The board will honor a parent's request for the transfer of his or her child to another district campus if the child has been the victim of sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for the assault. In accordance with policy FDE, if the victim does not wish to transfer, the board will transfer the assailant.

Transportation is not provided for a transfer to another campus.

Student Use of a Service/Assistance Animal

A parent of a student who uses a service/assistance animal because of the student's disability must submit a written request to the principal before bringing the service/assistance animal on campus. The district will try to accommodate a request as soon as possible but will do so within ten district business days.

A Student in the Conservatorship of the State (Foster Care)

In an effort to provide educational stability, the district will provide enrollment and registration assistance, as well as other educational services throughout the student's enrollment, to any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state, sometimes referred to as substitute care).

A student in the conservatorship (custody) of the state who enrolls in the district after the beginning of the school year will be allowed credit-by-examination opportunities at any point during the year.

The district will assess the student's available records to determine transfer of credit for subjects and courses taken before the student's enrollment in the district.

The district will award partial course credit when the student only passes one half of a two-half course. [For provisions on partial course credit for students who are not in the conservatorship of the state, see EI(LOCAL).]

A student in the conservatorship of the state who is moved outside the district's or school's attendance boundaries—or who is initially placed in the conservatorship of the state and moved outside the district's or school's boundaries—is entitled to remain at the school the student was attending prior to the placement or move until the student reaches the highest grade level at that particular school.

If a student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, the student can request a diploma from the previous district if the student meets its graduation criteria.

For a student in the conservatorship of the state who is eligible for a tuition and fee exemption under state law and likely to be in care on the day preceding the student's 18th birthday, the district will:

- Assist the student with the completion of applications for admission or financial aid;
- Arrange and accompany the student on campus visits;
- Assist in researching and applying for private or institution-sponsored scholarships;
- Identify whether the student is a candidate for appointment to a military academy;
- Assist the student in registering and preparing for college entrance examinations, including (subject to the availability of funds) arranging for the payment of examination fees by the Texas Department of Family and Protective Services (DFPS); and
- Coordinate contact between the student and a liaison officer for students formerly in the conservatorship of the state.

If you have questions, please contact the district's foster care liaison:

Monya Crow

Executive Director of Counseling & Social Work

1565 W. Main Street, Building A, Lewisville, Texas 75067

crowm@lisd.net

972-350-4766

[See **Credit by Examination for Advancement/Acceleration**, **Course Credit**, and **Students in Foster Care** on page.]

A Student Who Is Homeless

A parent is encouraged to inform the district if his or her child is experiencing homelessness. District staff can share resources that may be able to assist families.

A student who is homeless will be provided flexibility regarding certain district provisions, including:

- Proof of residency requirements;
- Immunization requirements;
- Educational program placement (if the student is unable to provide previous academic records or misses an application deadline during a period of homelessness);
- Credit-by-examination opportunities at any point during the year (if the student enrolled in the district after the beginning of the school year), per State Board of Education (SBOE) rules;
- Assessment of the student's available records to determine transfer of credit for subjects and courses taken before the student's enrollment in the district;
- Awarding partial credit when a student passes only one half of a two-half course;
- Eligibility requirements for participation in extracurricular activities; and
- Graduation requirements.

Federal law allows a student who is homeless to remain enrolled in the "school of origin" or to enroll in a new school in the attendance area where the student is currently residing.

If a student who is homeless in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, state law allows the student to request a diploma from the previous district if the student meets the criteria to graduate from the previous district.

A student or parent who is dissatisfied by the district's eligibility, school selection, or enrollment decision may appeal through policy FNG(LOCAL). The district will expedite local timelines, when possible, for prompt dispute resolution.

For more information on services for students who are homeless, contact the district's homeless education liaison:

Monya Crow

Executive Director of Counseling & Social Work

1565 W. Main Street, Building A, Lewisville, Texas 75067

crowm@lisd.net

972-350-4766

[See **Credit by Examination for Advancement/Acceleration, Course Credit, and Students who are Homeless.**]

A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services

For those students who are having difficulty in the regular classroom, all school districts must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Multi-Tiered Systems of Support (MTSS)/

Response to Intervention (RtI). The implementation of MTTS/RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

If a student is experiencing learning difficulties, his or her parent may contact the individuals listed below to learn about the school's overall general education referral or screening system for support services.

This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine whether the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals

The Individuals with Disabilities Education Act, also known as IDEA, is a federal law that gives eligible students with disabilities the right to receive special education services and assistance in school. To be eligible for special education services, a student with a disability must need instruction that is specially designed to meet the student's unique needs based on that disability. The process and procedures for initiating a referral for evaluation for special education services are found in the Individuals with Disabilities Education Act (IDEA) and TEC Sec. 29.004.

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or to a district administrative employee of the school district, the district must respond no later than 15 school days after receiving the request. At that time, the district must give the parent prior written notice of whether it agrees or refuses to evaluate the student, along with a copy of the *Notice of Procedural Safeguards*. The [Notice of Procedural Safeguards](https://fw.escapps.net/Display_Portal/publications) (https://fw.escapps.net/Display_Portal/publications). If the district agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Note: A request for a special education evaluation may be made verbally; it does not need to be made in writing. Districts must still comply with all federal prior-written notices and procedural safeguard requirements as well as the requirements for identifying, locating, and evaluating children who are suspected of having a disability and in need of special education. However, a verbal request does not require the district to respond within the 15 school-day timeline.

If the district decides to evaluate the student, it must complete the student's initial evaluation and evaluation report no later than 45 school days from the day it receives a parent's written consent. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If the district receives a parent's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30 due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available from the school district in a companion document titled *Parent's Guide to the Admission, Review, and Dismissal* [Parent's](#)

[Guide to the Admission, Review, and Dismissal Process](https://fw.escapps.net/Display_Portal/publications)
(https://fw.escapps.net/Display_Portal/publications).

Contact Person for Special Education Referrals

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is the principal or assistant principal at your child's campus. If you have any difficulty making that request through the campus administration, please contact:

Dr. Kathy Talbert
Chief Executive Director of Special Education
1565 W. Main Street, Lewisville, TX 75067
469-713-5203
talbertk@lisd.net

For questions regarding post-secondary transitions, including the transition from education to employment, for students receiving special education services, contact the district's transition and employment designee:

Dr. Lisa Davison
Special Education Director
400-A High School Drive, Lewisville, Texas 75057
davisonl@lisd.net
469-713-5203

Section 504 Referrals

Each school district must have standards and procedures in place for the evaluation and placement of students in the district's Section 504 program. Districts must also implement a system of procedural safeguards that includes:

- Notice;
- An opportunity for a parent or guardian to examine relevant records;
- An impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel; and
- A review procedure.

Contact Person for Section 504 Referrals

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is the principal or assistant principal at your child's campus. If you have any difficulty making that request through the campus administration, please contact:

Dr. Kathy Talbert
Chief Executive Director of Special Education
469-713-5203

[See **A Student with Physical or Mental Impairments Protected under Section 504.**]

Notification to Parents of Intervention Strategies for Learning Difficulties Provided to Students in General Education

In accordance with state law, the district will annually notify parents if their child receives assistance for learning difficulties. Details of such assistance can include intervention strategies. This notice is not intended for those students already enrolled in a special education program.

Texas Driving with Disability Program

In accordance with state law, the district will provide notification of the Texas Driving with Disability Program to students who have a health condition or disability that may impede effective communication with a peace officer and receive special education or are covered by Section 504 of the Rehabilitation Act of 1973. This notification will be provided annually to an eligible student aged 16 years or older until the student's graduation or 21st birthday and to the student's parents.

The Texas Driving with Disability Program focuses on improving the interaction between law enforcement and drivers with disabilities that have unique communication needs.

A Student Who Receives Special Education Services with Other School-Aged Children in the Home

If a student is receiving special education services at a campus outside his or her attendance zone, state law permits the parent or guardian to request that other students residing in the household be transferred to the same campus—if the grade level for the transferring student is offered on that campus.

The student receiving special education services would be entitled to transportation; however, the district is not required to provide transportation to other children in the household.

The parent or guardian should contact the school principal regarding transportation needs prior to requesting a transfer for other children in the home. [See policy FDB(LOCAL) for more information.]

A Student Who Speaks a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English.

If the student qualifies for these services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

[See **Emergent Bilingual Students** and **Special Programs**.]

A Student with Physical or Mental Impairments Protected under Section 504

A student with a physical or mental impairment that substantially limits a major life activity, as defined by law—and who does not otherwise qualify for special education services—may qualify for protections under Section 504 of the Rehabilitation Act.

Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities.

When an evaluation is requested, a committee will be formed to determine whether the student needs services and supports under Section 504 in order to receive a free appropriate public education (FAPE), as defined in federal law.

[See **A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services** and policy FB for more information.]

Section Two: Other Important Information for Parents and Students

This section contains important information on academics, school activities, and school operations and requirements.

It is organized alphabetically to serve as a quick-reference guide. Where applicable, the topics are further organized by grade level.

Parents and children should take a moment together to become familiar with the issues addressed in this section. For guidance on a particular topic, please contact your campus principal or assistant principal.

Absences/Attendance

Regular school attendance is essential. Absences from class may result in serious disruption of a student's education. The student and parent should avoid unnecessary absences.

Two important state laws—one dealing with compulsory attendance and the other with how attendance affects the award of a student's final grade or course credit—are discussed below.

Compulsory Attendance

Prekindergarten and Kindergarten

Students enrolled in prekindergarten or kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.

Ages 6–18

State law requires that a student who is at least six years of age, or who is younger than six years of age and has previously been enrolled in first grade, and who has not yet reached their 19th birthday, shall attend school, as well as any applicable accelerated instruction program, extended-year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

State law requires a student in kindergarten–grade 2 to attend any assigned accelerated reading instruction program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program based on a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program before or after school or during the summer if the student does not meet the passing standards on an applicable subject area state assessment.

Age 19 and Older

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If the student incurs more than five unexcused absences in a semester, the district may revoke the student's enrollment. The student's presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA for more information.]

Compulsory Attendance—Exemptions

All Grade Levels

State law allows exemptions to the compulsory attendance requirements, as long as the student makes up all work, for the following activities and events:

- Religious holy days (limit 2 per year);

- Required student court appearances;
- Appearing at a governmental office to obtain U.S. citizenship;
- Taking part in the student's own US naturalization oath ceremony
-
- Documented health-care appointments for the student or a child of the student, including absences related to autism services - The student must begin classes at school or return to class on the same day of the appointment. The appointment must be supported by a document, such as a note, from the health care professional.
- Absences resulting from a serious or life-threatening illness or related treatment that makes a student's attendance infeasible, with certification by a physician and discharge paperwork from a physician.
- For students in the conservatorship of the state:
 - An activity required under a court-ordered service plan; or
 - Any other court-ordered activity, provided it is not practicable to schedule the student's participation in the activity outside of school hours.

For children of military families, absences of up to five days will be excused for a student to visit a parent, stepparent, or legal guardian going to, on leave from, or returning from certain deployments. [See **Children of Military Families** on page .]

Note that documented health-care appointments may include telehealth appointments. Students who are physically on campus will not be allowed to participate in telehealth or other online appointments. Students should not use district-issued technology, including wifi or internet, for telehealth appointments because use of district-owned equipment and its network systems is not private and may be monitored by the district. For more information, see **Telecommunication and Other Electronic Devices**.

Secondary Grade Levels

The district will allow a student who is 15 years of age or older to be absent for one day to obtain a learner license and one day to obtain a driver's license, provided that the board has authorized such excused absences under policy FEA(LOCAL). The student will be required to provide documentation of his or her visit to the driver's license office for each absence and must make up any work missed.

[See **Driver License Attendance Verification** on page .]

The district will allow junior and senior students to be absent for up to two days per year to visit a college or university, provided:

- The board has authorized such excused absences under policy FEA(LOCAL);
- The principal has approved the student's absence; and
- The student follows campus procedures to verify the visit and makes up any work missed.

The district will allow a student 17 years old or older to be absent for up to four days during the period the student is enrolled in high school to pursue enlistment in the U.S. armed services or Texas National Guard, provided the student verifies these activities to the district.

The district will allow a student to be absent for up to two days during the student's junior year and two days during the student's senior year for a career investigation day to visit a professional at that individual's workplace to determine the student's interest in pursuing a career in the professional's field, provided the student verifies these activities to the district. Acceptable documentation can be a note on workplace letterhead indicating the student's attendance or an email from the supervising employee's official workplace email. The student is required to make up all work for the missed school days, otherwise the days will be considered an absence

The district will allow a student to be absent for up to two days per school year to serve as:

- An early voting clerk, provided the district's board has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences; or
- An election clerk, if the student makes up any work missed.

The district will allow a student in grades 6–12 to be absent for the purpose of sounding "Taps" at a military honors funeral for a deceased veteran.

Compulsory Attendance—Failure to Comply

All Grade Levels

School employees must investigate and report violations of the compulsory attendance law.

A student who is absent without permission from school, any class, any required special program, or any required tutorial will be considered in violation of the compulsory attendance law and subject to disciplinary action.

Students with Disabilities

If a student with a disability is experiencing attendance issues, the student's ARD or Section 504 committee will determine whether the attendance issues warrant an evaluation, a reevaluation, and/or modifications to the student's individualized education program or Section 504 plan, as appropriate.

Ages 6–18

When a student ages 6–18 incurs three or more unexcused absences within a four-week period, the law requires the school to send notice to the parent.

The notice will:

- Remind the parent of his or her duty to monitor the student's attendance and require the student to attend school;
- Request a conference between school administrators and the parent; and
- Inform the parent that the district will initiate truancy prevention measures, including a behavior improvement plan, school-based community service, referrals to counseling or other social services, or other appropriate measures.

Campus administrators serve as truancy prevention facilitators. If you have questions about your child and the effect of his or her absences from school, please contact the principal or assistant principal at your child's school.

A court of law may impose penalties against the parent if a school-aged student is deliberately not attending school. The district may file a complaint against the parent if the student incurs ten or more unexcused absences within a six-month period in the same school year.

If a student age 12–18 incurs ten or more unexcused absences within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court.

[See policies FEA(LEGAL) and FED(LEGAL) for more information.]

Age 19 and Older

After a student age 19 or older incurs a third unexcused absence, the district is required by law to send the student a letter explaining that the district may revoke the student's enrollment for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking a student's enrollment, the district may implement a behavior improvement plan.

Attendance for Credit or Final Grade (All Grade Levels)

To receive credit or a final grade in a class, a student must attend the class at least 90 percent of the days it is offered. A student who attends at least 75 percent but fewer than 90 percent of the days may receive credit or a final grade if he or she completes a plan, approved by the principal, that allows the student to fulfill the class's instructional requirements. If a student is involved in a criminal or juvenile court proceeding, the judge presiding over the case must also approve the plan before the student receives credit or a final grade.

If a student attends fewer than 75 percent of the class days or does not complete the principal-approved plan, then the attendance review committee will determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade. [See policy FEC for more information.]

All absences, excused or unexcused, may be held against a student's attendance requirement. To determine whether there were extenuating circumstances for any absences, the principal or attendance committee will consider:

- Whether the student has mastered the essential knowledge and skills and maintained passing grades in the course or subject.
- Whether the student has completed makeup work satisfactorily.
- Whether the student or the student's parent had any control over the absences.
- Any information presented by the student or parent about the absences.

The student or parent may appeal the committee's decision to the board by following policy FNG(LOCAL).

The actual number of days a student must be in attendance to receive credit or a final grade will depend on whether the class is for a full semester or for a full year.

Official Attendance-Taking Time (All Grade Levels)

Official attendance for students will be taken at the same specified time each day.

A student absent for any portion of the day, should follow the procedures below to provide documentation of the absence.

Documentation after an Absence (All Grade Levels)

When a student is absent from school, the student or parent must provide upon return, a note from a health care provider or a signed note from the parent that describes the reason for the absence. Alternatively, the parent may email the reason for the absence and any medical documentation to the student's attendance clerk or use the attendance portal on your school's webpage. A note signed by the student, even with the parent's permission, will not be accepted unless the student is age 18 or older or is an emancipated minor under state law.

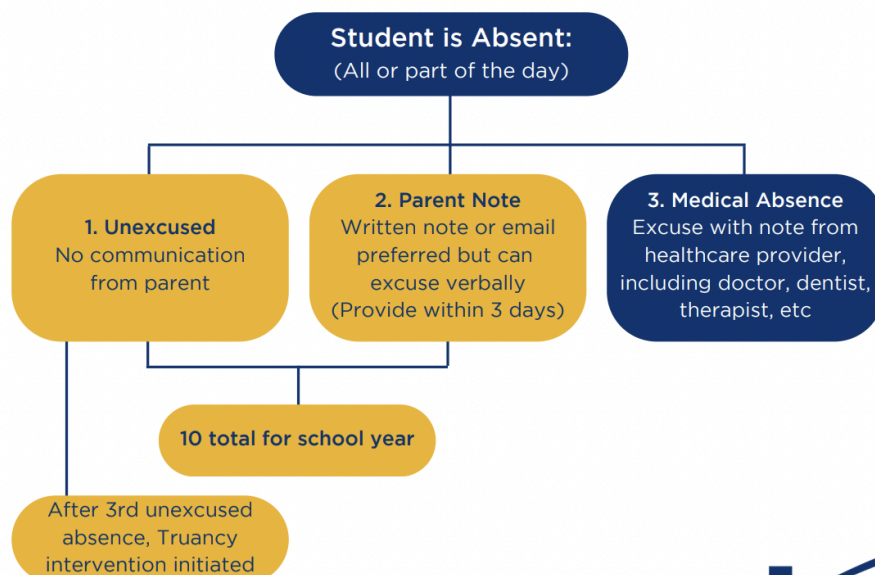

Failure to provide a note within 3 school days following an absence will result in the absence being unexcused regardless of the reason.

The district will excuse up to 10 full or partial days during the school year. Each unexcused absence will reduce the number of absences that may be excused by parent notes. Any additional absences beyond the allowable parent notes will require a note from a health care provider or documentation of an absence exempt from compulsory attendance, in order to be excused.

The campus will document in its official attendance records for the student whether the absence is considered by the district to be excused or unexcused.

LEWISVILLE ISD STUDENT ABSENCES

Regular and punctual attendance is one of the greatest factors in school success for students. Communication between families and the school district is critical in understanding how attendance affects student achievement, and crucial to the partnership in the education of your child. Refer to the absence chart below to determine if a student absence is excused and whether limitations exist for certain absence types.

Contact your attendance clerk: lisd.net/attendanceclerks

Doctor's Note after an Absence for Illness (All Grade Levels)

Within 3 days of returning to school, a student absent for 4 or more consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or

condition that caused the absence. Otherwise, the absence may be considered unexcused and in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the absence to determine whether an absence will be excused or unexcused.

You are encouraged to provide a doctor's note to excuse your child's absence anytime he/she misses school for illness or an appointment. If the student was only absent part of the school day for an appointment with a health care provider, **providing this note within 3 days means the partial day missed will not count as an absence.**

Unexcused absences are considered truancy and the grade for makeup work after an unexcused absence shall be zero. [See EIA Local]

Note: The district is not required to excuse any absence, even if the parent provides a note explaining the absence, unless the absence is an exemption under compulsory attendance laws.

Certification of Absence Due to Severe Illness or Treatment

If a student is absent because of a serious or life-threatening illness or related treatment that makes a student's attendance infeasible, a parent must provide certification from a physician licensed to practice in Texas specifying the student's illness and the anticipated discharge date related to the illness or treatment.

A student with a mental health or substance abuse condition who is being treated for a serious illness in an outpatient day treatment program or partial hospitalization program, under the care of a healthcare professional licensed, certified, or registered to practice in Texas, shall be excused for the authorized treatment period, and shall not be withdrawn from school. The discharge summary from the outpatient day treatment or partial hospitalization program must include treatment admission and discharge dates to be provided to the school by the family upon return to school as documentation to excuse absences for the duration of the authorized outpatient treatment plan or partial hospitalization.

Driver License Attendance Verification (Secondary Grade Levels Only)

A currently enrolled student seeking a driver's license shall submit the Texas Department of Public Safety Verification of Enrollment and Attendance Form (VOE), signed by the parent, to the campus central office at least 10 days before it is needed. In order to receive a verification of enrollment (VOE) to provide to DPS during the school year or during the summer, the following requirements must be met:

- The student must be currently enrolled at the campus
- The student must have passed all courses in the most recently completed semester (9-week period)
- The student must NOT have been in loss of credit for the most recently completed semester (9-week period) OR must have had credit restored by the principal's designee or the attendance committee

If a student did NOT pass all courses, a VOE can still be given if the student was in attendance at least 90% for the failed course/s.

The [VOE form](https://www.tdlr.texas.gov/driver/forms/VOE.pdf) (<https://www.tdlr.texas.gov/driver/forms/VOE.pdf>) is available online.

Further information may be found on the [Texas Department of Public Safety website](https://www.dps.texas.gov/section/driver-license/how-apply-texas-driver-license-teen) (<https://www.dps.texas.gov/section/driver-license/how-apply-texas-driver-license-teen>).

See **Compulsory Attendance—Exemptions for Secondary Grade Levels** on page for information on excused absences for obtaining a learner license or driver's license.

Accountability under State and Federal Law (All Grade Levels)

Lewisville ISD and each of its campuses are held to certain standards of accountability under state and federal law. A key component of accountability is the dissemination and publication of certain reports and information, including:

- The Texas Academic Performance Report (TAPR) for the district, compiled by the Texas Education Agency (TEA), based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district, compiled by TEA;
- The district's financial management report, which includes the financial accountability rating assigned to the district by TEA; and
- Information compiled by TEA for the submission of a federal report card that is required by federal law.

Accountability information can be found on the district's website at <https://www.lisd.net/Domain/4518>. Hard copies of any reports are available upon request to the district's administration office.

TEA maintains additional accountability and accreditation information at [TEA Performance Reporting Division](https://tea.texas.gov/texas-schools/accountability/academic-accountability/performance-reporting) (<https://tea.texas.gov/texas-schools/accountability/academic-accountability/performance-reporting>).

Armed Services Vocational Aptitude Battery Test (Grades 10–12)

A student in grades 10–12 will be offered an opportunity to take the Armed Services Vocational Aptitude Battery test and consult with a military recruiter.

All dates, times and locations can be found on each campus website on the counseling page.

Contact your child's counselor for information about this opportunity.

Awards and Honors (All Grade Levels)

Awards and honors vary by grade level and campus. The principal or assistant principal at your child's campus can provide more information.

Bullying (All Grade Levels)

The district strives to prevent bullying, in accordance with the district's policies, by promoting a positive school culture; building healthy relationships between students and staff, encouraging reporting of bullying incidents, including anonymous reporting; and investigating and addressing reported bullying incidents.

Bullying is defined in state law as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined in state law as bullying that is done using of any electronic communication device, including:

- A cellular or other type of telephone
- A computer
- A camera
- Electronic mail
- Instant messaging
- Text messaging
- A social media application
- An internet website
- Any other internet-based communication tool.

Bullying is prohibited by the district and could include:

- Hazing
- Threats
- Taunting
- Teasing
- Confinement
- Assault
- Demands for money
- Destruction of property
- Theft of valued possessions
- Name-calling
- Rumor-spreading
- Ostracism.

The district will integrate into instruction research-based content designed to reduce bullying that is appropriate for students' age groups.

Students in elementary grades will participate in:

- Instruction designed so that students can recognize bullying behaviors and how to report them
- Age-appropriate discussions that encourage peers to intervene when they observe bullying occur
- Instruction that characterizes bullying as a behavior that results from the student's need to acquire more mature social or coping skills, not an unchangeable trait

Students in secondary grades will participate in:

- Instruction on the brain's ability to change and grow so the student recognizes bullying behavior can come from a developmental need to acquire more social skills, can change when the brain matures and learns better ways of coping, and is not an unchangeable trait
- Discussions that portray bullying as undesirable behavior and a means for attaining or maintaining social status at school, and that discourage students from using bullying as a tool for social status
- Instruction designed so that students recognize the role that reporting bullying behaviors plays in promoting a safe school community

The district will use an age-appropriate survey regarding school culture that includes relevant questions on bullying to identify and address student concerns. Each campus may have a committee that addresses bullying by focusing on prevention efforts and health and wellness initiatives. The committee may include parents and secondary students. For more information on this committee, including interest in serving on the committee, contact your campus principal.

If a student believes that he or she has experienced bullying or witnesses the bullying of another student, the student or parent should notify a teacher, school counselor, principal, or another district employee as soon as possible. Any district employee aware of a report of a bullying incident will relay the report to an appropriate administrator. Procedures for reporting allegations of bullying may be found on the district's website.

A student may anonymously report an alleged incident of bullying at

<https://appweb.stopitsolutions.com/login>

The administration will investigate any allegations of bullying and related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying.

If an investigation determines that bullying occurred, the administration will take appropriate disciplinary action and may, in certain circumstances, notify law enforcement. Disciplinary or other action may be taken even if the conduct did not meet the definition of bullying.

The district will provide research-based interventions, which may include counseling options, for students who engage in bullying behaviors, students who are targeted by bullying behaviors, and any student who witnessed bullying behaviors.

Any action taken in response to bullying will comply with state and federal law regarding students with disabilities.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon recommendation of the administration, the board may transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student's parent, the board may transfer the student to another campus in the district.

The parent of a student who has been determined to be a victim of bullying may request that the student be transferred to another classroom or campus within the district. [See **Safety Transfers/Assignments.**]

A copy of the district's bullying policy is available in the principal's office, superintendent's office, and on the district's website, and is included at the end of this handbook as an appendix.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[See **Safety Transfers/Assignments, Dating Violence, Discrimination, Harassment, and Retaliation, Hazing**, policy FFI, the district's Student Code of Conduct, and the district improvement plan, a copy of which can be viewed in the campus office.]

Career and Technical Education (CTE) and Other Work-Based Programs (Secondary Grade Levels Only)

The district offers career and technical education programs in the following areas

- Agriculture, Food, and Natural Resources
- Architecture and Construction
- Arts, Audio Video Technology, and Communication
- Business, Marketing, and Finance
- Education and Training
- Energy
- Engineering
- Health Science
- Hospitality and Tourism
- Human Services
- Information Technology
- Law and Public Service
- Manufacturing
- Transportation, Distribution, and Logistics

Admission to these programs is based on open enrollment and availability.

The district offers other work-based programs in the following areas: The district offers other work-based programs in the following areas:

- Career Preparation
- Practicum in Ag (including Ag Mechanics, Animal Science, Horticulture, and Vet Science)
- Practicum in Audio/Video Production
- Practicum in Business Management
- Practicum in Construction Technology
- Practicum in Culinary Arts
- Practicum in Education and Training (Practicum in Education and Coaching)
- Practicum in Engineering
- Practicum in Health Science (including Healthcare Rotation, Medical Assistant, and

- Pharmacy Technician)
- Practicum in Hospitality (Practicum in Event Planning and Restaurant Management)
- Practicum in Information Technology
- Practicum in Law, Public Safety, Corrections and Security
- Practicum in Manufacturing (including Woods and Welding)
- Practicum in Marketing
- Practicum in Transportation, Distribution, and Logistics (including Automotive Technology and Auto Collision)

Admission and enrollment to these programs is based on completion of prerequisite courses within a program of study, teacher approval, and transportation availability (to and from practicum site).

District policy prohibits discrimination on the basis of race, color, national origin, sex, or handicap in its vocational programs, services, or activities, and provides equal access to the Boy Scouts and other designated youth groups as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

District policy also prohibits discrimination on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended.

The district will take steps to assure that lack of English language skills will not be a barrier to admission or participation in all educational and vocational programs.

For information about your rights or grievance procedures, contact the Title IX coordinator and the ADA/Section 504 coordinator.

[See **Nondiscrimination Statement** for the name and contact information for the Title IX coordinator and ADA/Section 504 coordinator.]

Celebrations (All Grade Levels)

Although a parent or grandparent may provide food to share for a school-designated function or for a student's birthday, please be aware that children in the school may have severe allergies to certain food products. Therefore, it is imperative to discuss any classroom allergies with the teacher before bringing food to share.

Occasionally, the school or a class may host functions or celebrations tied to the curriculum that involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers to provide food.

[See **Food Allergies**.]

Child Sexual Abuse, Neglect, Trafficking, and Other Maltreatment of Children (All Grade Levels)

The district has established a plan for addressing child abuse, neglect, trafficking, and other maltreatment of children. The plan is available at <https://www.lisd.net/goals>. Abuse includes physical abuse, including sexual abuse, and psychological and emotional abuse. Trafficking includes both sex and labor trafficking.

Duty to Report

Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, to report the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS). See below for information about how to report and respond to allegations of child abuse or neglect.

Note: LISD protocol guides all employees to contact CPS and law enforcement for any suspicion of abuse

Possible Warning Signs of Child Abuse, Neglect, Trafficking, and Other Maltreatment of Children

Physical abuse

Possible warning signs of physical abuse include:

- Frequent injuries such as bruises, cuts, black eyes, or burns without adequate explanations
- Frequent complaints of pain without apparent injury
- Burns or bruises in unusual patterns that may indicate the use of an instrument or human bite; cigarette burns on any part of the body
- Lack of reaction to pain
- Extreme fear of going home or seeing parents
- Injuries that appear after a child has not been seen for several days
- Unseasonable clothing that may hide injuries to arms or legs

Sexual Abuse

Possible warning signs of sexual abuse include:

- Physical signs of sexually transmitted diseases
- Evidence of injury to the genital area
- Pregnancy in a young girl
- Difficulty in sitting or walking
- Extreme fear of being alone with adults of a certain sex
- Sexual comments, behaviors, or play beyond what is considered age-appropriate behavior
- Knowledge of sexual relations beyond what is expected for a child's age
- Sexual victimization of other children

Children and adolescents who have experienced dating violence may show similar physical, behavioral, and emotional warning signs. [See Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels) and Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking]

Emotional Abuse

Possible warning signs of emotional abuse include:

- Over-compliance or low self-esteem caused by scapegoating or verbal abuse by caregivers
- Severe depression, anxiety, or aggression
- Lag in physical, emotional, and intellectual development
- Indicators of a caregiver who belittles the child, withholds love, and seems unconcerned about the child's problems
- Significant changes to behavior, such as withdrawal or over-aggression
- Significant changes to weight, such as substantial weight gain or weight loss.

Neglect

Possible warning signs of neglect include:

- Obvious malnourishment
- Consistent lack of personal hygiene that poses a health risk
- Stealing or begging for food
- Child unattended for long periods of time
- Unaddressed need for dental care or other medical attention

Description and Warning Signs of Trafficking

Child trafficking of any sort is prohibited by the Penal Code. Sex trafficking involves forcing a person, including a child, into sexual abuse, assault, indecency, prostitution, or pornography. Labor trafficking involves forcing a person, including a child, to engage in forced labor or services.

Traffickers are often trusted members of a child's community, such as friends, romantic partners, family members, mentors, and coaches. Some traffickers contact victims online.

Possible warning signs of sexual trafficking in children include:

- Changes in school attendance, habits, friend groups, vocabulary, demeanor, and attitude;
- Sudden appearance of expensive items (for example, manicures, designer clothes, purses, technology);
- Tattoos or branding;
- Refillable gift cards;
- Frequent runaway episodes;
- Multiple phones or social media accounts;
- Provocative pictures posted online or stored on the phone;
- Unexplained injuries;
- Isolation from family, friends, and community; and
- Older romantic partners.

Additional warning signs of labor trafficking in children include:

- Being unpaid, paid very little, or paid only through tips;
- Being employed but not having a school-authorized work permit;

- Being employed and having a work permit but clearly working outside the permitted hours for students;
- Owing a large debt and being unable to pay it off;
- Not being allowed breaks at work or being subjected to excessively long work hours;
- Being overly concerned with pleasing an employer and/or deferring personal or educational decisions to a boss;
- Not being in control of his or her own money;
- Living with an employer or having an employer listed as a student's caregiver; and
- A desire to quit a job but not being allowed to do so.

[See **Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking.**]

Reporting and Responding to Child Abuse, Neglect, Trafficking, and Other Maltreatment of Children

A child who has experienced abuse or any type of abuse or neglect should be encouraged to seek out a parent or trusted adult. Children may be reluctant to disclose abuse and may only disclose sexual abuse indirectly. As a parent or trusted adult, it is important to be calm and comforting if your child or another child confides in you. Reassure the child that he or she did the right thing by telling you.

If your child is a victim of abuse, neglect, trafficking, or other maltreatment, the school counselor or principal will provide information on counseling options for you and your child available in your area. DFPS also manages early intervention counseling programs.

To find out what services may be available in your county, see [Texas Department of Family and Protective Services, Programs Available in Your County](http://www.dfps.state.tx.us/Prevention_and_Early_Intervention/Programs_Available_In_Your_County/default.asp) (http://www.dfps.state.tx.us/Prevention_and_Early_Intervention/Programs_Available_In_Your_County/default.asp).

Reports of abuse, trafficking, or neglect may be made to the CPS division of the DFPS at 1-800-252-5400 or on the web at [Texas Abuse Hotline Website](http://www.txabusehotline.org) (www.txabusehotline.org).

Further Resources on Sexual Abuse, Trafficking, and Other Maltreatment of Children

The following websites include resources to help create awareness of child abuse and neglect, sexual abuse, trafficking, and other maltreatment of children:

Class Rank/Highest-Ranking Student (Secondary Grade Levels Only)

[See policy EIC for more information.]

Please see policy EIC (LOCAL) for information on class rank, the weighted grade system, GPA calculation, valedictorian, salutatorian, highest-ranking graduate, and other local honor designations.

Class Schedules (Secondary Grade Levels Only)

All students are expected to attend school for the entire school day and maintain a full class schedule. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day schedule.

[See **Schedule Changes** for information related to student requests to revise their course schedule.]

College and University Admissions and Financial Aid (All Grade Levels)

For two school years following graduation, a district student who graduates as valedictorian or in the top ten percent of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student meets one of the following requirements:

- Completes the distinguished level of achievement under the foundation graduation program [see **Foundation Graduation Program**]; or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

The student is ultimately responsible for meeting the admission requirements of the university or college, including timely submission of a completed application.

If a college or university adopts an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

The University of Texas at Austin may limit the number of automatically admitted students to 75 percent of the University's enrollment capacity for incoming resident freshmen. From the summer 2024 term through the spring 2026 term, the University will admit the top six percent of a high school's graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

As required by law, the district will provide written notice concerning:

- Automatic college admission;
- Curriculum requirements for financial aid;

- Benefits of completing the requirements for automatic admission and financial aid; and
- The Texas First Early High School Completion Program and the Texas First Scholarship Program.
- The Texas First Early High School Completion Program, which requires a student to provide an official copy of assessment results and transcripts, as applicable, to receive credit for the assessments and credits required for early graduation under the program
- The Texas First Scholarship Program
- The Future Texas Teachers Scholarship Program

Parents and students will be asked to sign an acknowledgment that they received this information.

Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See **Class Rank/Highest-Ranking Student** for information specifically related to how the district calculates a student's rank in class, and requirements for **Graduation** for information associated with the foundation graduation program.]

[See **Students in the Conservatorship of the State (Foster Care)** for information on assistance in transitioning to higher education for students in foster care.]

College Credit Courses (Secondary Grade Levels Only)

Students in grades 9–12 may earn college credit through the following opportunities:

- Certain courses taught at the high school campus, which may include courses termed dual credit or enrollment, or Advanced Placement (AP)
- Enrollment in AP or dual credit courses through the Texas Virtual School Network (TXVSN);
- Enrollment in courses taught in conjunction and in partnership with Collin College and North Texas Central College, which may be offered on or off campus;
- Enrollment in courses taught at other colleges or universities; and
- Certain CTE courses.

Under the Financial Aid for Swift Transfer (FAST) program, a student may be eligible to enroll at no cost to the student in dual credit courses at a participating institution of higher education. The FAST program allows students who are or have been educationally disadvantaged at any time during the four years preceding the student's enrollment in a dual credit course to enroll at no cost to the student. The district will determine eligibility upon the student's enrollment in the dual credit course. See a high school counselor for more information.

A student may be eligible for subsidies based on financial need for AP or IB exam fees. See **Fees (All Grade Levels)** on page 53 for more information.

A student may be eligible for subsidies based on financial need for AP exam fees. See **Fees (All Grade Levels)** for more information.

A student may also earn college credit for certain Career and Technical Education (CTE) courses. See **Career and Technical Education (CTE) and Other Work-Based Programs (Secondary Grade Levels Only)** for information on CTE and other work-based programs.

For dual credit purposes, all these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student's grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

Not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student's desired degree plan.

Communications (All Grade Levels)

Parent Contact Information

A parent is legally required to provide in writing the parent's current contact information, including address, phone number, and email address.

A parent must provide the contact information to the district upon enrollment and again each year when completing the Back to School forms.

If the parent's contact information changes during the school year, the parent must update the information in writing no more than two weeks after the date the information changes.

A parent may update phone number or email address through Skyward Family Access. An address may only be updated by the campus registrar.

Automated Emergency Communications

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. An emergency situation may include early dismissal, delayed opening, or restricted access to the campus due to severe weather, another emergency, or a security threat. It is crucial to keep your phone number and email address current in Skyward Family Access or notify your child's school if you need help updating this information.

[See **Safety** for information regarding contact with parents during an emergency situation.]

Automated Non-Emergency Communications

Your child's school periodically sends information by automated or pre-recorded messages, text messages, or real-time phone or email communications that are closely related to the school's mission and specific to your child, your child's school, or the district.

Standard messaging rates of your wireless phone carrier may apply.

Parents should set their notification permissions in Skyward Family Access in order to receive important communications. If you do not wish to receive such communications, please contact your child's principal. [See **Safety** for information regarding contact with parents during an emergency.]

Complaints and Concerns (All Grade Levels)

Usually, student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or campus administrator.

For those complaints and concerns that cannot be resolved informally, the board has adopted a Student and Parent Complaints/Grievances policy at FNG(LOCAL). This policy can be viewed in

the district's policy manual, available online at <https://www.lisd.net/domain/9365>. The complaint forms may be obtained at <https://www.lisd.net/Domain/5120> or the superintendent's office.

Conduct (All Grade Levels)

Applicability of School Rules

The board has adopted a Student Code of Conduct that defines standards of acceptable behavior—on and off campus, during remote and in-person instruction, and on district vehicles—and outlines consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules.

During summer instruction, the Student Handbook and Student Code of Conduct in place for the school year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

Each campus assigns discipline responsibilities to assistant principals or other designated campus administrators to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct. The contact information for each campus administrator who has responsibility for student discipline is available at each campus website under Administration, accessible from this link: <https://www.lisd.net/domain/5342>.

Deliveries

Except in emergencies, delivery of messages or packages to students will not be allowed during instructional time.

Also see **Lunch Delivery** for specific information about delivery of lunches to students during the school day.

Disruption of School Operations

Disruption of school operations is not tolerated and may constitute a misdemeanor offense. As identified by state law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.

Disruption of classes or other school activities while on or within 500 feet of district property includes:

- Making loud noises;

- Trying to entice a student away from, or to prevent a student from attending, a required class or activity; and
- Entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.

Interference with the transportation of students in vehicles owned or operated by the district is also considered a disruption.

Social Events

School rules apply to all school social events. Many school social events restrict attendance to students only and students should ensure guests are allowed before inviting a non-student to attend. When guests are permitted to attend these events, they are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event and will not be readmitted.

A parent interested in serving as a chaperone for any school social events should contact the campus principal.

Counseling

The district utilizes the Texas Model for Comprehensive School Counseling that includes:

- A guidance curriculum to help students develop their full educational potential, including the student's interests and career objectives;
- A responsive services component to intervene on behalf of any student whose immediate personal concerns or problems put the student's continued educational, career, personal, or social development at risk;
- An individual planning system to guide a student as the student plans, monitors, and manages the student's own educational, career, personal, and social development; and
- Systems to support the efforts of teachers, staff, parents, and other members of the community in promoting the educational, career, personal, and social development of students.

The district will make a preview of the program, including all materials and curriculum, available to parents to review during school hours.

Academic Counseling

Elementary and Middle/Junior High School Grade Levels

The school counselor will provide information to students and parents about college and university admissions and the importance of planning for postsecondary education, including appropriate coursework and financial aid availability and requirements.

In either grade 7 or 8, each student will receive instruction on how best to prepare for high school, college, and a career.

High School Grade Levels

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures.

Each year, high school students will be provided information on anticipated course offerings for the next school year, how to make the most of academic and career and technical education (CTE) opportunities, and the importance of postsecondary education.

The school counselor will also provide information each year a student is enrolled in high school regarding:

- The importance of postsecondary education;
- The advantages of earning an endorsement and completing the foundation program with the distinguished level of achievement;
- The disadvantages of pursuing a high school equivalency exam (GED) as opposed to earning a high school diploma;
- Financial aid eligibility and how to apply for financial aid;
- Automatic admission to state-funded Texas colleges and universities;
- Eligibility requirements for the TEXAS Grant;
- Availability of district programs that allow students to earn college credit;
- Availability of tuition and fee assistance for postsecondary education for students in foster care; and
- Texas First Early High School Completion Program;
- Availability of college credit awarded by institutions of higher education to veterans and military service members for military experience, education, and training.

Additionally, the school counselor can provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses.

[See **Scholarships and Grants** for more information.]

Individual Counseling (All Grade Levels)

The school counselor is available to assist students with a wide range of personal, social, and family concerns, including emotional or mental health issues and substance abuse. A student who wishes to meet with the school counselor should follow campus procedures. As a parent, if you are concerned about your child's mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

If your child has experienced trauma, contact the school counselor for more information.

[See **Mental Health Support, Child Sexual Abuse, Trafficking, and Other Maltreatment of Children**, and **Dating Violence**.]

Courses Taken by Students in Grades 9-12

A student may receive full credit for a 1.0 credit course if ONE of the standards below is met:

- The student passes both terms of the course with a 70 or above in each 9-week period/semester period..
- The student fails the first term of the course but has a sufficient score on the second term resulting in a grade of 70 or higher when averaged with the first term.
- The student passes the first term and scores 65 or above on the second term. If the two term grades averaged together result in a grade of 70 or higher, the student will receive full credit for the course. If the student scores below a 65 on the second term, the second term must be repeated and passed regardless of the student's grade in the first term.

Students are not allowed to average the following for full credit:

- Summer school courses with grades earned during the school year
- Credit recovery courses with grades earned during the school year
- A&B semester grades cannot be averaged for the following: CBE/CBA grades, summer school courses, or credit recovery courses.

Please see the district's High School Course Description Guide and other academic planning resources at [Counseling Services / Academic Planning](#).

Course Credit (High school courses taken during middle school)

- To receive credit for high school courses taken at the middle school level, a student must successfully complete the entire course. Students may grade average for full credit IF the second half of the course is 65 or higher.
- Languages other than English: LISD offers Spanish in middle school for high school credit. These courses will count toward graduation credit but do not currently count in high school GPA or RIC. The only exception to this is Spanish IV AP, which WILL COUNT in GPA starting with the class of 2024.
- Other high school courses taken in middle school: High school courses taken during middle school by students who have met middle school course prerequisites in mathematics, science, social studies, and English will receive high school credit but will not count in high school GPA or RIC.

Please see the district's Middle School Course Description Guide and other academic planning resources at [Counseling Services / Academic Planning](#).

Credit by Examination for Advancement/Acceleration—If a Student Has Not Taken the Course/Subject

A student will be permitted to earn credit by examination for an academic course or subject area for which the student had no prior instruction for advancement or to accelerate to the next grade level.

The examinations offered by the district are approved by the district's board of trustees. Testing windows for these examinations will be published in district publications and on the district's website. A student may take a specific examination only once per testing window.

The only exceptions to the published testing windows will be for examinations administered by another entity or to accommodate a student experiencing homelessness or a student involved in the foster care system.

When another entity administers an examination, the student and the district must comply with the testing schedule of the other entity.

If a student plans to take an examination, the student or parent must register with the school counselor no later than 30 days prior to the scheduled testing date. [See policy EHDC for more information.]

Kindergarten Acceleration

In accordance with State Board rules, the Board shall approve procedures developed by the Superintendent or designee to allow a child who is five years old at the beginning of the school year to be assigned initially to grade 1 rather than kindergarten. Criteria for acceleration may include:

1. Scores on readiness tests or achievement tests that may be administered by appropriate District personnel.
2. Recommendation of the kindergarten or preschool the student has attended.
3. Chronological age and observed social and emotional development of the student.
4. Other criteria deemed appropriate by the principal and Superintendent.

Evidence of completion of kindergarten in an accredited public, private or parochial school outside of the district must be provided. Contact the campus principal at your child's campus for any questions about kindergarten acceleration.

Students in Grades 1–5

A student in elementary school is eligible to accelerate to the next grade level if the student meets all of the following requirements:

- The student scores at least an 80 on each examination in the subject areas of language arts, mathematics, science, and social studies;
- A district administrator recommends that the student be accelerated; and
- The student's parent gives written approval of the grade advancement.

Students in Grades 6–12

A student in grade 6 or above is eligible to earn course credit meets one of the following requirements:

- A passing score of at least 80 on an examination approved by the board; or
- A scaled score of 50 or higher on an examination administered through the College Level Examination Program (CLEP); or
- A score of 3 or higher on an AP examination, as applicable.

A student may take an examination to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the school year in which the student would need to enroll in the course according to the school's high school course sequence, the student must complete the course.

Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)

Students learn best, and their welfare is best served, in a school environment that is free from dating violence, discrimination, harassment, and retaliation.

Students are expected to treat peers and district employees with courtesy and respect, avoid offensive behaviors, and stop those behaviors as directed. District employees are likewise expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly address inappropriate and offensive behaviors that are based on a person's race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law. A copy of the district's policy is available in the principal's office and in the superintendent's office <https://www.lisd.net/domain/9365>. [See policy FFH for more information.]

Dating Violence

Dating violence will not be tolerated at school. To report dating violence, see **Reporting Procedures**.

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship or any of the person's past or subsequent partners. This type of conduct is considered harassment if it is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to:

- Physical or sexual assaults
- Name-calling
- Put-downs
- Threats to hurt the student, the student's family members, or members of the student's household
- Destroying property belonging to the student
- Threats to commit suicide or homicide if the student ends the relationship
- Threats to harm a student's current dating partner
- Attempts to isolate the student from friends and family;
- Stalking
- Encouraging others to engage in these behaviors

In accordance with law, when the district receives a report of dating violence, a district official will immediately notify the parent of the alleged victim and alleged perpetrator.

The counselor's office has information about the dangers of dating violence and resources for seeking help.

For more information on dating violence, see:

- Texas Attorney General's office [recognizing and responding to dating violence flier](https://www.texasattorneygeneral.gov/sites/default/files/files/child-support/papa/session%2010/recognizing-relationship-violence-en.pdf) (<https://www.texasattorneygeneral.gov/sites/default/files/files/child-support/papa/session%2010/recognizing-relationship-violence-en.pdf>)

- The CDC's [Preventing Teen Dating Violence](https://www.cdc.gov/violenceprevention/intimatepartnerviolence/teendatingviolence/fastfact.html) (<https://www.cdc.gov/violenceprevention/intimatepartnerviolence/teendatingviolence/fastfact.html>).

[See **Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking.**]

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law that negatively affects the student.

Harassment

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of harassment may include, but are not limited to:

- Offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation
- Threatening, intimidating, or humiliating conduct
- Offensive jokes, name-calling, slurs, or rumors
- Physical aggression or assault
- Graffiti or printed material promoting racial, ethnic, or other negative stereotypes
- Other kinds of aggressive conduct such as theft or damage to property.

Sexual Harassment and Gender-Based Harassment

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to:

- Touching private body parts or coercing physical contact that is sexual in nature
- Sexual advances; jokes or conversations of a sexual nature
- Other sexually motivated conduct, communications, or contact

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact that a reasonable person would not construe as sexual in nature, such as comforting a child with a hug or taking the child's hand. However, romantic, sexual, and other inappropriate social relationships between students and district employees are prohibited, even if consensual.

Gender-based harassment includes physical, verbal, or nonverbal conduct based on a student's gender, the student's expression of characteristics perceived as stereotypical for the student's gender, or the student's failure to conform to stereotypical notions of masculinity or femininity.

Gender-based harassment can occur regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity. Examples of gender-based harassment directed against a student, may include, but not be limited to:

- Offensive jokes, name-calling, slurs, or rumors
- Physical aggression or assault
- Threatening or intimidating conduct

- Other kinds of aggressive conduct such as theft or damage to property

Pregnancy or Related Conditions

The district does not discriminate on the basis of pregnancy or a related condition.

Please contact School Aged Parent Program Coordinator, Amber Taylor, taylora@lisd.net for pregnancy-related accommodations.

Retaliation

Retaliation against a person who makes a report or participates in an investigation of discrimination, harassment, or dating violence is prohibited. A person who makes a false claim, offers false statements, or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

Reporting Procedures

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student's parent. [See the FFH series of policies and FFH(EXHIBIT) for other appropriate district officials to whom to make a report.]

Upon receiving a report, the district will determine whether the allegations, if proven, constitute prohibited conduct as defined by the FFH series of policies. If not, the district will refer to policy FFI to determine whether the allegations, if proven, constitute bullying, as defined by law and policy FFI. If the alleged prohibited conduct also meets the statutory and policy definitions for bullying, an investigation of bullying will also be conducted. [See **Bullying**.]

The district will promptly notify the parent of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parent of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

Investigation of Report

Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

To the extent possible, the district will respect the privacy of the student. However, limited disclosures may be necessary to conduct a thorough investigation and comply with law.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume its investigation at the conclusion of the agency's investigation.

During an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary action and, in some cases, corrective action will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

Discrimination

[See **Dating Violence, Discrimination, Harassment, and Retaliation.**]

Distance Learning (All Grade Levels)

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, internet, video-conferencing, and instructional television.

Information about the distance learning opportunities that the district makes available to district students through the Virtual Learning Academy can be found at <https://www.lisd.net/vla>.

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the Texas Virtual School Network (TXVSN), as described below, to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district may not recognize and apply the course or subject toward graduation requirements or subject mastery.

[See **Remote Instruction.**]

Texas Virtual School Network (TXVSN) (Secondary Grade Levels)

The Texas Virtual School Network (TXVSN) has been established by the state as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TXVSN to earn course credit for graduation.

Depending on the TXVSN course in which a student enrolls, the course may be subject to the “no pass, no play” rules. [See **Extracurricular Activities, Clubs, and Organizations.**] In addition, a student who enrolls in a TXVSN course for which an end-of-course (EOC) assessment is required must still take the corresponding EOC assessment.

A parent may ask questions or request that their child be enrolled in a TXVSN course by contacting the school counselor. Unless an exception is made by district administration, a student will not be allowed to enroll in a TXVSN course if the school offers the same or a similar course.

A copy of policy EHDE addressing distance learning will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact a campus counselor.

Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)

School Materials

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, newspapers, yearbooks, brochures, flyers, and the like.

All school publications are under the supervision of a teacher, sponsor, and the principal.

Non-school Materials

From Students

Students must obtain prior approval from the principal before selling, posting, circulating, or distributing copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any non-school material must include the name of the sponsoring person or organization. Approval will be granted or denied within two school days.

See the campus principal for designated time, place, and manner restrictions for distribution of non-school literature from students. [See policy FNAA]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes non-school material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

[See policy FNG(LOCAL) for student complaint procedures.]

From Others

No person or group will sell, circulate, distribute, or post on any district premises written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that is not sponsored by the district or by a district-affiliated school-support organization, except as permitted by policy GKDA.

To be considered for distribution, any non-school material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the LISD Communications Department for prior review. The Chief Communications Officer will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA or GF]

Contact the LISD Communications Department for designated time, place, and manner restrictions for distribution of non-school literature from community members as the prior review will not be required for:

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a non-curriculum-related student group meeting held in accordance with policy FNAB(LOCAL).

- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All non-school materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

Dress and Grooming (All Grade Levels)

Dress code guidelines are established as a point of reference for parents, students and school administrators in regards to student dress. All students must be clean and neatly groomed. Campus administrators have the final authority to determine if student dress is inappropriate, unsafe, or may be a disruption to the learning environment.

The LISD Dress Code may be found in Appendix II of this document.

If the principal or other campus administrator determines that a student's grooming or clothing violates the district's dress code, the student will be given an opportunity to correct the problem at school. If not corrected, the student may be assigned to in-school suspension for the remainder of the day, until the problem is corrected, or until a parent or designee brings an acceptable change of clothing to the school.

Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

Electronic Devices and Technology Resources (All Grade Levels)

Possession and Use of Personal Telecommunications Devices, Including Cell Phones, and Other Electronic Devices

Please see Appendix IV for the the district's Student Acceptable Use Policy (AUP)

Safe Use of Technology

The district is committed to ensuring that students use technology safely and will follow all federal and state requirements to protect students from excessive data collection or materials that are considered harmful to minors. The district considers parents as partners in cybersecurity and online safety.

In accordance with state and federal law, the district will:

- Install a filter that blocks and prohibits pornographic or obscene materials or applications, including from unsolicited pop-ups, installations, and downloads, before transferring an electronic device to a student to be used for an educational purpose
- Block or filter students' internet access to pictures that are obscene, contain child pornography, or have been determined to be harmful to minors in accordance with the Children's Internet Protection Act (CIPA)
- Require direct and informed parental consent for a student's use of software, other than software excluded from the consent requirement by law [See Required State Testing and Standardized Testing.]
- Require direct and informed parental consent for a student's use of software that conducts mental health assessments or other assessments unrelated to

education curricula that are intended to collect information about students [See Consent to Conduct a Psychological Evaluation.]

If you want to know more about partnering with the district regarding cybersecurity and online safety, or if you have complaints or concerns about student use of electronic devices, please contact the Assistant Principal or Principal at your child's campus. [See Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels).]

Additional Electronic Communication Devices

LISD embraces learning opportunities available through *Bring Your Own Technology* for our students. It is our goal that students and teachers will collaborate in rich, engaging learning experiences using technology. There are differences in BYOT based upon device type and grade levels. Students are responsible for personal property brought to school and should keep personal items with self or in a locked space.

Bring Your Own Technology (non-cell phones)

Students may bring their own technology and utilize personal electronic communication devices at school and at school activities. BYOT devices include, but are not limited to, the following: laptops, tablets, headphones, eReaders. Students may use these devices in the classroom when the campus or teacher deems them appropriate for educational purposes. All devices must remain silent or be put away unless being used within a lesson during class time. Devices should be charged prior to bringing them to school.

Grades PK-8 Bring Your Own Technology Related to Cell Phones

Personal cell phones should be "out of sight, out of mind" during the school day. Upon entering the school building, cell phones must be silenced and put away in a backpack, purse, or locker. Cell phones may not be used at any point during the school day, including before school while in the building, during passing periods, lunch, or recess. Elementary parents who need to communicate with their child during the school day can contact the front office and a message can be delivered. Middle school parents who need to communicate with their child during the school day can either email their child directly on their LISD email account or contact the front office and a message can be delivered. For questions or concerns related to health conditions or extenuating circumstances, please contact campus administration.

Grades 9-12 Bring Your Own Technology Related to Cell Phones

At the High School level, cell phones must remain silenced and put away during the instructional times in the classroom or as otherwise directed by campus staff or in accordance with campus and classroom rules, including during all testing, unless they are being used for approved instructional purposes.

The use of cell phones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

If a student uses a telecommunications device without authorization or inappropriately during the school day, the device will be confiscated. The parent may pick up the confiscated device from the principal's office. Confiscated devices that are not retrieved by the student or the student's parent will be disposed of after the notice required by law.

[See policy FNCE for more information.]

In limited circumstances and in accordance with law, a student's personal telecommunications device may be searched by authorized personnel. [See **Searches** and policy FNF for more information.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for damaged, lost, or stolen telecommunications devices.

Acceptable Use of District Technology Resources

District-owned technology resources for instructional purposes may be issued to individual students.

- LISD will continue to assign learning devices to individual students in grades K-3 for the current school year. The devices will remain on campus unless specific permission is given by campus administration allowing the student to bring the device home. Parents will be required to consent to having devices be sent home. This consent will be initiated by the student's teacher.
- Students in grades 4th-12th will have the opportunity to participate LISD's 1:X iPad Program. There is an option to pay for [iPad insurance](#) which provides coverage for loss, theft, and accidental damage. The annual fee is \$30 or \$15 for students eligible for the National School Lunch and Child Nutrition Program. There will also be an option to participate in the 1:X program [without iPad insurance](#). In this case, there will be no coverage for loss, theft, and accidental damage. If a repair or replacement of the iPad and case/keyboard is needed, the actual cost of the repair or replacement up to \$450 will be charged.

Use of these technological resources, which include the district's network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to acknowledge access to the district's [Acceptable Use Policy \(AUP\)](#) and other guidelines regarding use of these district resources as part of the back to school forms in Skyward. Hard copies are also available by request from your child's school. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether on district-owned or personally owned equipment, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content—commonly referred to as “sexting”—will be disciplined in accordance with the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement.

This type of behavior may constitute bullying or harassment, as well as impede future endeavors of a student. We encourage parents to review with their child the ["Before You Text" Sexting Prevention Course](https://txssc.txstate.edu/tools/courses/before-you-text/) (<https://txssc.txstate.edu/tools/courses/before-you-text/>), a state-developed program that addresses the consequences of sexting.

In accordance with state law, the district prohibits the installation or use of TikTok or any successor application or service on a district device, along with any other social media application or service determined by the governor.

Any student who engages in conduct that results in a breach of the district's computer security will be disciplined in accordance with the Student Code of Conduct. In some cases, the consequence may be expulsion.

End-of-Course (EOC) Assessments

[See **Graduation** and **Standardized Testing**.]

Emergent Bilingual Learners (All Grade Levels)

A student who is an emergent bilingual learner is entitled to receive specialized services from the district. A Language Proficiency Assessment Committee (LPAC), consisting of both district personnel and at least one parent representative, will determine whether the student qualifies for services. The student's parent must consent to any services recommended by the LPAC. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

The identification process for emergent bilingual students begins with the completion of the Home Language Survey, which is required only for students enrolling in Texas schools for the first time. Students who previously attended Texas public schools do not need to complete a new survey. If parents feel the document for a new student to Texas schools was completed in error, the state allows a two-week window from the first day of student attendance for corrections, if the student has not already been assessed for language services. Requested corrections after the two-week window will be denied as required by the state. Additionally, if a new Home Language Survey is completed for a previously served student, it will be void and replaced with the original document once it is received from the previous district. Any duplicates that are not the original will be destroyed.

To determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services, and once a level of proficiency has been established, the LPAC will designate instructional accommodations or additional special programs that the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR Spanish, as mentioned at **Standardized Testing**, may be administered to an emergent bilingual up to grade 5. In limited circumstances, a student's LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I end-of-course (EOC) assessment. As required by the state, The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to all emergent bilingual learners who qualify for services regardless of acceptance or denial of services by the parent/guardian..

If a student is considered an emergent bilingual and receives special education services because of a qualifying disability, the student's ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

Extracurricular Activities, Clubs, and Organizations (All Grade Levels)

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships.

Some extracurricular activities may include off-campus events. Students are required to use transportation provided by the district to and from the events. Exceptions may only be made with the approval of the activity's coach or sponsor. [See **Transportation**.]

Eligibility for many of these activities is governed by state law and the rules of the University Interscholastic League (UIL), a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students and parents can access the [UIL Parent Information Manual](https://www.uil texas.org/athletics/manuals) (<https://www.uil texas.org/athletics/manuals>) online. A hard copy can be provided by the coach or sponsor of the activity on request.

To report alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of TEA at (512) 463-9581 or curriculum@tea.texas.gov.

[See [UIL Texas](https://www.uil texas.org/) (<https://www.uil texas.org/>) for additional information on all UIL-governed activities.]

Student safety in extracurricular activities is a priority of the district. The equipment used in football is no exception. As a parent, you are entitled to review the district's records regarding the age of each football helmet used by the campus, including when a helmet has been reconditioned.

Generally, a student who receives a grade below 70 at the end of a grading period in any academic class may not participate in extracurricular activities for at least three school weeks.

However, if a student receives a grade below 70 at the end of a grading period in an Advanced Placement (AP) course, or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or languages other than English, the student remains eligible for participation in all extracurricular activities.

If a student is enrolled in a state-approved music course that participates in UIL Concert and Sight-reading Evaluation, and the student receives a grade below 70 in any course at the end of a grading period, the student may perform with the ensemble during the UIL evaluation performance, but is ineligible for other extracurricular activities for at least three weeks.

In LISD this applies to students enrolled in Secondary (MS/HS) Band/Choir/Orchestra courses who have met the program's placement, attendance and performance requirements for participation.

In addition, the following applies to all extracurricular activities:

- A student who receives special education services and who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.

- An ineligible student may practice or rehearse but may not participate in any competitive activity.
- A student is allowed in a school year up to 10 absences not related to post-district competition, a maximum of 6 absences for post-district competition prior to state, and a maximum of 6 absences for state competition. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions.
- An absence for participation in an activity that has not been approved will be considered an unexcused absence.

Standards of Behavior

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization's standards of behavior.

Offices and Elections

Certain clubs, organizations, and performing groups will hold elections for student officers. Contact the campus principal for a list of these student groups.

Clubs and Organizations

Each school may offer a variety of school sponsored clubs or organizations that students may choose to participate in during the school day. Additionally, schools may allow non-school sponsored, student organized groups to use space in the school for meetings. A list of clubs and organizations that meet at the campus is available from the campus principal. If you have any concerns about your child participating in a club or organization, please contact the campus principal or your child's assistant principal. See **Meetings of Non Curriculum-Related Groups**

Fees (All Grade Levels)

Basic educational program materials are provided at no charge to a student. However, a student is expected to provide his or her own supplies, such as pencils, paper, erasers, and notebooks. A student may also be required to pay certain other costs, fees, or deposits, including:

- Materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations.
- Admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, and the like.
- Voluntarily purchased student health and accident insurance.
- Musical instrument rental and uniform maintenance when uniforms are provided by the district.

- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school. [See **Buses and Other School Vehicles**.]
- A maximum fee of \$50 for an educational program outside of regular school hours for a student who has lost credit or has not been awarded a final grade because of absences and whose parent chooses the program for the student to meet the 90 percent attendance requirements. The fee will be charged only if the parent or guardian signs a district-provided request form.
- In some cases, a fee for a course taken through the Texas Virtual School Network (TXVSN).
- Fees for device insurance in the district's 1:X or other electronic device program or fees for loss or damage of 1:X devices when not covered by the 1:X insurance program

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to a campus principal or assistant principal.[See policy FP for more information.]

Fundraising (All Grade Levels)

Student groups or classes and/or parent groups may be permitted to conduct fundraising drives for approved school purposes in accordance with administrative regulations. Please contact the campus principal for approval or more information. [See policies FJ and GE for more information.]

Gang-Free Zones (All Grade Levels)

Certain criminal offenses, including gang-related crimes, will be enhanced to the next-highest category of offense if they are committed in a gang-free zone. Gang-free zones include a school bus and any location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

Grade-Level Classification (Grades 9–12 Only)

After grade 9, students are classified according to the number of credits earned toward graduation.

Freshman (9) 0 to 5.5 credits	Junior (11) 12-17.5 credits
Sophomore (10) 6-11.5 credits	Senior (12) 18+ credits
<i>Students will be reclassified at the end of each term (January & June) if warranted due to graduation status or state testing requirements. 3-year grads will be reclassified when they</i>	

reach 18 state credits.

Grading Guidelines (All Grade Levels)

Approved grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal.

These guidelines establish:

- The minimum number of assignments, projects, and examinations required for each grading period.
- How the student's mastery of concepts and achievement will be communicated (for example, letter grades, numerical averages, checklist of required skills, and the like)
- Circumstances under which a student will be allowed to redo an assignment or retake an examination the student originally failed
- Procedures for a student to follow after an absence
- Grading consequences for academic dishonesty, including cheating or copying the work of another student, plagiarism (including the unauthorized use of artificial intelligence (AI) such as ChatGPT), and unauthorized communication between students during an examination

General District grading guidelines can be found at:

[Secondary Grading Guidelines](https://www.lisd.net/Page/22036) (<https://www.lisd.net/Page/22036>)

[Elementary Grading Guidelines](https://www.lisd.net/Page/20055) (<https://www.lisd.net/Page/20055>)

Grading guidelines for dual credit courses may be different from campus or district grading guidelines. More information is available from the student's dual credit instructor.

[See **Report Cards/Progress Reports and Conferences** for additional information on grading guidelines.]

Graduation (Secondary Grade Levels Only)

Requirements for a Diploma

A student must meet the following requirements to receive a high school diploma from the district:

- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law;
- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state;
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education (SBOE); and
- Complete and submit a free application for federal student aid (FAFSA) or a Texas application for state financial aid (TASFA) or complete an Opt Out form.

Testing Requirements for Graduation

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments:

- English I,
- English II,
- Algebra I,
- Biology, and
- U.S. History.

A student who does not achieve a sufficient score will have opportunities to retake an assessment.

State law allows a student to meet EOC requirements by substituting satisfactory performance on approved national standardized assessments or on the state-developed assessment used for entrance into Texas public universities. [See the school counselor for more information on the state testing requirements for graduation.]

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation in the applicable content area. This may require the student's participation outside normal school operating times.

In limited circumstances, a student who fails to demonstrate proficiency on up to two of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate.

[See **Standardized Testing**.]

Foundation Graduation Program

Every Texas public school student will graduate under the foundation graduation program. The foundation graduation program features endorsements, which are paths of interest that include:

- Science, Technology, Engineering, and Mathematics (STEM);
- Business and Industry;
- Public Service;
- Arts and Humanities; and
- Multidisciplinary Studies.

Endorsements earned by a student will be noted on the student's transcript.

A student can complete the foundation graduation program with a "distinguished level of achievement," which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits.

A **Personal Graduation Plan** will be completed for each high school student.

State law generally prohibits a student from graduating solely under the foundation graduation program without an endorsement. However, after the student's sophomore year, the student and student's parent may request that the student graduate without an endorsement. The district will

advise the student and the student's parent of the specific benefits of graduating with an endorsement. The student and the student's parent must then submit written permission to the school counselor for the student to graduate without an endorsement.

A student who wishes to attend a four-year university or college after graduation must carefully consider whether graduation under the foundation program without an endorsement will satisfy the admission requirements of the student's desired college or university.

A student graduating under the foundation graduation program can also earn performance acknowledgments on his or her transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy, in a dual credit course, on an AP examination, on certain national college preparatory and readiness or college entrance examinations, or for earning a license or certificate recognized at the state, national, or international level. The school counselor can provide more information about these acknowledgments.

A student is not required to complete an Algebra II course to graduate under the foundation graduation program, and the district will annually notify a student's parent of this fact. However, not taking Algebra II will make a student ineligible for automatic admission to four-year public universities and colleges in Texas and for certain financial aid and grants while attending those institutions.

A school district will permit a student to satisfy the curriculum requirements for graduation under the foundation program with the distinguished level of achievement, including an endorsement, by successfully completing courses in the core curriculum of a public Texas institution of higher education. Please see your counselor for more information.

Credits Required

The foundation graduation program requires completion of the following credits:

Course Area	Number of Credits: Foundation Graduation Program	Number of Credits: Foundation Graduation Program with an Endorsement
English/Language Arts	4	4
Mathematics	3	4
Science	3	4
Social Studies	3	3
Physical Education	1	1
Languages other than English	2	2
Fine Arts	1	1
Electives	5	7
Total	22 credits	26 credits

Additional considerations apply in some course areas, including:

- **Mathematics.** To obtain the distinguished level of achievement under the foundation graduation program, a student must complete an endorsement and take Algebra II as one of

the 4 mathematics credits. A student's completion of the distinguished level of achievement is a requirement to be considered for automatic admission to a Texas four-year college or university and will be included on a student's transcript.

- **Physical education.** A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student's ARD committee, Section 504 committee, or other campus committee, as applicable.
- **Languages other than English.** Students are required to earn 2 credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits.
 - A student may satisfy one of the 2 required credits by successfully completing in elementary school a dual language immersion program or a course in American Sign Language.
 - In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

Available Endorsements

A student must specify upon entering grade 9 which endorsement he or she wishes to pursue.

Financial Aid Application Requirement

Before graduating from high school, each student must complete and submit an application for financial aid for post-secondary education. Students must complete and submit either a free application for federal student aid (FAFSA) or a Texas application for state financial aid (TASFA).

District resources to meet this requirement can be found at: <https://www.lisd.net/Page/27635>.

A student is not required to complete and submit a FAFSA or TASFA if:

- The student's parent submits a form provided by the district indicating that the parent authorizes the student to opt out;
- A student who is 18 years of age or older or a legally independent minor submits a form provided by the district indicating that the student opts out; or
- A school counselor authorizes the student to opt out for good cause.

Please contact the school counselor for more information.

To confirm that a student has completed and submitted a TASFA, the student must submit one of the following

:

- A screenshot that includes the processed date field of the FAFSA ApplyTexas Counselor Suite;
- Notification, such as a copy of an email, from the United States Department of Education verifying completion of the FAFSA;
- A copy or screenshot of the FAFSA acknowledgment page;
- A screenshot of the TASFA submission acknowledgment page (from those institutions that offer an electronic form);
- An acknowledgment receipt from an institution of higher education (IHE); or
- A copy of a financial aid award letter from an IHE.

Personal Graduation Plans

A personal graduation plan will be developed for each high school student.

The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the distinguished level of achievement is a requirement for a student to be considered for automatic admission to a public four-year college or university in Texas, depending on his or her rank in class.

The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that promotes college and workforce readiness, promotes career placement and advancement, and facilitates the transition from secondary to postsecondary education.

The student's personal graduation plan will outline an appropriate course sequence based on the student's choice of endorsement.

Please review [TEA's Graduation Toolkit](https://tea.texas.gov/about-tea/news-and-multimedia/brochures/tea-brochures) (<https://tea.texas.gov/about-tea/news-and-multimedia/brochures/tea-brochures>).

A student may amend his or her personal graduation plan after this initial confirmation. Notice of any such amendment made by the student will be available to view in Skyward Family Access.

Available Course Options for All Graduation Programs

Each spring, the district will update students on the courses required or offered in each curriculum area so students can enroll for the upcoming school year.

Note: The district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation.

Not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for a course in the required curriculum other than fine arts or career and technical education (CTE), the district will offer the course the following year either by teleconference or at the school from which the transfers were requested.

Certificates of Coursework Completion

A certificate of coursework completion will be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

Students with Disabilities

Admission, review, and dismissal (ARD) committees will make instructional and assessment decisions for students with disabilities who receive special education services in accordance with state law.

Upon the recommendation of the ARD committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her individualized education program (IEP) and in accordance with state rules.

A student who receives special education services may earn an endorsement under the foundation program. If the student's curriculum requirements for the endorsement were modified, the student's ARD committee will determine whether the modified curriculum is sufficiently rigorous to earn the endorsement. The ARD committee must also determine whether the student must perform satisfactorily on any end-of-course assessment to earn an endorsement.

A student who receives special education services and has completed four years of high school but has not met the requirements of his or her IEP may participate in graduation ceremonies and receive a certificate of attendance. The student may then remain enrolled to complete the IEP and earn his or her high school diploma but will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL) for more information.]

Graduation Activities

To be eligible to participate in commencement activities and ceremonies, a student shall meet all state and local graduation requirements, including all applicable state testing.

For students who are eligible to graduate who are in DAEP during the last week of school, the DAEP placement will continue through graduation, and the student will not be allowed to participate in commencement exercises and related graduation activities. Additionally, students who are eligible to graduate who are suspended from school (OSS) on the last scheduled day of school for seniors, will also not be allowed to participate in commencement exercises and related graduation activities.

Graduation Speakers

Certain graduating students will be given an opportunity to speak at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

[See the Student Code of Conduct and policy FNA(LOCAL) for more information.]

[See **Student Speakers** for student speakers at other school events.]

Graduation Expenses

Because students and parents will incur expenses to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all

requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See **Fees**.]

Scholarships and Grants

Students who have a financial need according to federal criteria and who complete the foundation graduation program may be eligible under the TEXAS Grant Program, Teach for Texas Grant Program, and Future Texas Teachers Scholarship Program for scholarships and grants toward tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions. Certain students who graduate early may also be eligible for the Texas First Scholarship Program.

See **College and University Admissions and Financial Aid (All Grade Levels)** for more information.

Contact the school counselor for information about other scholarships and grants available to students.

Harassment

[See **Dating Violence, Discrimination, Harassment, and Retaliation**.]

Hazing (All Grade Levels)

Hazing is defined as an intentional, knowing, or reckless act, on or off campus, by one person alone or acting with others, directed against a student for the purpose of pledging, initiation into, affiliation with, holding office in, or maintaining membership in a student organization if the act meets the elements in Education Code 37.151, including:

- Any type of physical brutality;
- An activity that subjects the student to an unreasonable risk of harm or that adversely affects the student's mental or physical health, such as sleep deprivation, exposure to the elements, confinement to small spaces, calisthenics, or consumption of food, liquids, drugs, or other substances;
- An activity that induces, causes, or requires the student to perform a duty or task that violates the Penal Code; and
- Coercing a student to consume a drug or alcoholic beverage in an amount that would lead a reasonable person to believe the student is intoxicated.

The district will not tolerate hazing. Disciplinary consequences for hazing will be in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal, superintendent, or law enforcement official.

[See **Bullying** and policies FFI and FNCC for more information.]

Health—Physical and Mental

Illness (All Grade Levels)

When your child is ill, please contact the school attendance clerk by phone or email or through the attendance portal on the campus website to let us know he or she will not be attending that day.

State rules require schools to exclude students with certain illnesses from school for certain periods of time. For example, if a child has a fever over 100 degrees, he or she must stay out of school until fever-free for 24 hours without use of fever-reducing medications. Students with diarrheal illnesses must stay home until they are diarrhea-free without use of diarrhea-suppressing medications for 24 hours.

A full list of conditions for which the school must exclude children can be obtained from the school nurse or found on the Health Services website: <https://www.lisd.net/Page/1775>.

If a student becomes ill during the school day, the student should get permission from the teacher to go to the nurse. If the school nurse determines that the child should go home, the nurse will contact the parent.

The district is required to report certain contagious (communicable) diseases or illnesses to the Department of State Health Services (DSHS) or our local/regional health authority. The school nurse can provide information from DSHS on these notifiable conditions.

The school nurse is available to answer any questions for parents who are concerned about whether or not their child should stay home.

Immunization (All Grade Levels)

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized.

For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. You may access the [DSHS exemption form \(https://dshs.texas.gov/immunize/school/exemptions.aspx\)](https://dshs.texas.gov/immunize/school/exemptions.aspx) online or by writing to this address:

Texas Department of State Health Services
Immunization Section, Mail Code 1946
P.O. Box 149347
Austin, Texas 78714-9347

The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are:

- Diphtheria, tetanus, and pertussis
- Polio
- Measles, mumps, and rubella
- Hepatitis B
- Varicella (chicken pox)
- Meningococcal
- Hepatitis A

The school nurse can provide information on immunization requirements. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor's opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a lifelong condition.

For information on immunization against bacterial meningitis and college enrollment and attendance, see **Bacterial Meningitis**.

[See the DSHS's [Texas School & Child Care Facility Immunization Requirements](https://www.dshs.texas.gov/immunizations/school) (<https://www.dshs.texas.gov/immunizations/school>) and policy FFAB(LEGAL) for more information.]

Lice (All Grade Levels)

Head lice is very common among children. Although not an illness or a disease, head lice spread through head-to-head contact during play, sports, nap time, and when children share things like brushes, combs, hats, and headphones.

If careful observation indicates that a student has head lice, the school nurse will contact the student's parent to discuss a treatment plan using an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student undergoes one treatment, the parent should contact the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments, how best to get rid of lice, and how to prevent lice from returning.

The district will provide notice to parents of elementary school students in an affected classroom without identifying the student with lice.

More information on head lice can be obtained from the DSHS website [Managing Head Lice in School Settings and at Home](https://www.dshs.texas.gov/texas-school-health/skilled-procedurestexas-school-health/managing-head-lice-school) (<https://www.dshs.texas.gov/texas-school-health/skilled-procedurestexas-school-health/managing-head-lice-school>) and from the Centers for Disease Control and Prevention's website [About Head Lice](https://www.cdc.gov/parasites/headlice/)

[See policy FFAA for more information.]

Medicine at School (All Grade Levels)

If a student must take medication during school hours, the student's parent must provide the medication. All medication, whether prescription or nonprescription, must be kept in the nurse's office and be administered by the nurse or another authorized district employee. A student may be authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student.

In accordance with policy FFAC, authorized employees may administer:

- Prescription medication in the original, properly labeled container, provided by the parent along with a written request and physician's orders.

- Nonprescription medication in the original, properly labeled container, provided by the parent along with a written request and physician's orders. **Note:** Insect repellent is considered a nonprescription medication.
- Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.

An elementary or secondary student may possess and self-apply sunscreen to avoid overexposure to the sun. An elementary student's teacher or other district personnel will apply sunscreen to the student's exposed skin if the student brings the sunscreen to school and asks for help applying it. If a secondary student needs assistance with sunscreen application, please address the need with the school nurse.

Students in the secondary schools shall be permitted to carry their prescription and over-the-counter medication so long as the medication is NOT a controlled substance, e.g., Ritalin or Adderall. Controlled substances shall be kept in a locked cabinet in the nurse's office. In order for a student to carry his or her own medication, the following conditions shall be met:

1. The medication shall be in the original container and, in the case of prescription medication, shall have the student's name on the container. Each medication shall have its own container.
2. The student shall carry written permission from the parent or guardian to take the medication, as well as instructions on how and when the medication should be taken.

Sharing any prescription or over the counter medication or supplements with another student is a violation of the Student Code of Conduct and may also be a violation of state law subject to criminal charges.

Asthma and Severe Allergic Reactions

A student with asthma or severe allergic reaction (anaphylaxis) may possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her health-care provider and the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

See also **Food Allergies**.

Unassigned Opioid Antagonists

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized and trained [*school personnel and/or school volunteers*] at each campus to administer an opioid antagonist, such as Narcan or Naloxone, to an individual who is reasonably believed to be experiencing an opioid-related drug overdose.

One or more authorized and trained individuals will be present on each campus subject to this policy during regular school hours.

Steroids (Secondary Grade Levels Only)

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for physician-prescribed medical use only.

Body-building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Mental Health Support (All Grade Levels)

The district has implemented programs to address the following mental health, behavioral health, and substance abuse concerns:

- Mental health promotion and early intervention;
- Building skills to manage emotions, establish and maintain positive relationships, and engage in responsible decision-making;
- Substance abuse prevention and intervention;
- Suicide prevention, intervention, and postvention (interventions after a suicide in a community);
- Grief, trauma, and trauma-informed care;
- Positive behavior interventions and supports;
- Positive youth development; and
- Safe, supportive, and positive school climates.

LISD utilizes evidence-based curricula in grades PK-12 to support social and emotional growth and school safety including: Early Mental Health Intervention, Drug and Alcohol Prevention, Human Trafficking, Trauma Informed Care, Bullying, Sexting, and Healthy Relationships.

If a student has been hospitalized or placed in residential treatment for a mental health condition or substance abuse, the district has procedures to support the student's return to school. Please contact your campus counselor or the district Executive Director of Counseling and Social Work for further information.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication that is intended to alter perception, emotion, mood, or behavior.

A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [See policy FFEB for more information.]

For related information, see:

- **Consent to Conduct a Psychological Evaluation and Consent to Provide a Mental Health Care Service** for the district's procedures for recommending a mental health intervention and the mental health liaison's contact information;
- **Counseling** for the district's comprehensive school counseling program;

- **Physical and Mental Health Resources** for campus and community mental and physical health resources; and
- **Policies and Procedures that Promote Student Physical and Mental Health** for board-adopted policies and administrative procedures that promote student health.

Physical Activity Requirements

Elementary School

The district will ensure that students in full-day prekindergarten–grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week, in accordance with policies at EHAB, EHAC, EHBG, and FFA.

For additional information on the district's elementary school student physical activity programs and requirements, please see the principal.

Middle School

The district will ensure that students in middle school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters OR at least 225 minutes of moderate or vigorous physical activity within each two-week period for at least four semesters, in accordance with policies at EHAB, EHAC, EHBG, and FFA.

For additional information on the district's junior high and middle school student physical activity programs and requirements, please see the principal.

Temporary Restriction from Participation in Physical Education

Students who are temporarily restricted from participation in physical education will not actively participate in skill demonstration but will remain in class to learn the concepts of the lessons.

Physical Fitness Assessment (Grades 3–12)

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to obtain the results of his or her child's physical fitness assessment conducted during the school year by contacting the Physical Education Administrator at <https://www.lisd.net/domain/145>.

Physical Health Screenings/Examinations

Athletics Participation (Secondary Grade Levels Only)

For certain extracurricular activities, a student must submit certification from an authorized health-care provider. The certification must state that the student has been examined and is physically able to participate in the relevant program, including:

- A district athletics program.
- District high school band and drill team
- Any district extracurricular program identified by the superintendent.

This examination is required to be submitted annually to the district.

Students should be aware of the rare possibility of sudden cardiac arrest, which in athletes is usually caused by a previously unsuspected heart disease or disorder. A student may request

an electrocardiogram (ECG or EKG) to screen for such disorders, in addition to his or her required physical examination.

See the UIL's explanation of [sudden cardiac arrest](https://www.uilTEXAS.org/health/info/sudden-cardiac-death) (<https://www.uilTEXAS.org/health/info/sudden-cardiac-death>) for more information.

Spinal Screening Program

School-based spinal screening helps identify adolescents with abnormal spinal curvature at an early stage when the curve is mild and may go unnoticed. Early detection is key to controlling spinal deformities. Spinal screening is non-invasive and conducted in accordance with the most recent nationally accepted and peer-reviewed standards.

All students who meet the Texas Department of State Health Services criteria will be screened for abnormal spinal curvature before the end of the school year. As appropriate, students will be referred for follow-up with their physician.

For information on spinal screening by an outside professional or exemption from spinal screening based on religious beliefs, contact your campus nurse or the district Director of Health Services or see policy FFAA(LEGAL).

Other Examinations and Screenings (All Grade Levels)

Students are required to undergo a risk assessment for Type 2 diabetes at the same time the district screens students for hearing and vision issues or for abnormal spinal curvatures.

[See policy FFAA for more information.]

Special Health Concerns (All Grade Levels)

Bacterial Meningitis (All Grade Levels)

Please see the district's website at <https://www.lisd.net/Page/1775> for information regarding meningitis.

cf

Note: Entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

[See **Immunization**.]

Diabetes

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information.

[See policy FFAF(LEGAL) for more information.]

Food Allergies (All Grade Levels)

Parents should notify the district when a student has been diagnosed with a food allergy, especially an allergy that could result in dangerous or life-threatening reactions either by breathing, eating, or touching the particular food. It is important to disclose the food to which the student is allergic as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, based on the Texas Department of State Health Services' (DSHS) *Guidelines for the Care of Students with*

Food Allergies At-Risk for Anaphylaxis found on the DSHS [Allergies and Anaphylaxis](https://www.dshs.texas.gov/schoolhealth/allergiesandanaphylaxis/) website (<https://www.dshs.texas.gov/schoolhealth/allergiesandanaphylaxis/>)

When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, an individual care plan will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed [Health Services / Allergy and Asthma](#)

[See **Celebrations** and policy FFAF for more information.]

Seizures (All Grade Levels)

To address the care of a student with a seizure disorder while at school or participating in a school activity, a parent may submit a seizure management and treatment plan to the district before the beginning of the school year, upon enrollment of the student, or as soon as practicable following diagnosis of a seizure disorder. A parent who submits a plan must use the Seizure Management and Treatment Plan Form (<https://tea.texas.gov/academics/tea-seizure-management-form.pdf>) developed by the Texas Education Agency.

[See **A Student with Physical or Mental Impairments Protected under Section 504** and contact the school nurse for more information.]

Tobacco, E-Cigarette, and Nicotine Products Prohibited (All Grade Levels)

Students are prohibited from possessing or using any type of tobacco product, electronic cigarette (e-cigarette), or any other electronic vaporizing device while on school property or while attending an off-campus school-related activity. With limited exceptions for medication, [see Medicine at School (All Grade Levels)] students are also prohibited from possessing or using any type of nicotine product, including nicotine pouches, regardless of whether the product contains tobacco, while on school property or while attending an off-campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, e-cigarettes, or any other electronic vaporizing device by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies FNCD and GKA for more information.]

Health-Related Resources, Policies, and Procedures

Physical and Mental Health Resources (All Grade Levels)

Parents and students in need of assistance with physical and mental health concerns may contact the following campus and community resources:

- Your school nurse or school counselor - contact information can be found on each campus' website <https://www.lisd.net/domain/5342>
- The local public health authority Denton County Public Health Department which may be contacted at <https://dentoncounty.gov/Departments/Health-Services/Denton-County-Public-Health.aspx>
- The local mental health authority Denton County MHMR which may be contacted at <http://www.dentonmhmr.org/>.

Policies and Procedures that Promote Student Physical and Mental Health (All Grade Levels)

The district has adopted board policies that promote student physical and mental health. Local policies on the topics below can be found in the district's policy manual, available at the central administration office and online at <https://www.lisd.net/domain/9365>.

- Food and nutrition management: CO, COA, COB
- Wellness and Health Services: FFA
- Physical Examinations: FFAA
- Immunizations: FFAB
- Medical Treatment: FFAC
- Communicable Diseases: FFAD
- School-Based Health Centers: FFAE
- Care Plans: FFAF
- Crisis Intervention: FFB
- Trauma-informed Care: FFBA
- Student Support Services: FFC
- Student Safety: FFF
- Child Abuse and Neglect: FFG
- Freedom from Discrimination, Harassment, and Retaliation: the FFH series of policies
- Freedom from Bullying: FFI

In addition, the District Improvement Plan details the district's strategies to improve student performance through evidence-based practices that address physical and mental health and can be found at <https://www.lisd.net/goals>.

The district has developed administrative procedures as necessary to implement the above policies and plans.

Please contact the district Director of Health Services or the Executive Director of Counseling and Social Work for further information regarding these procedures.

School Health Advisory Council (SHAC) (All Grade Levels)

During the preceding school year, the district's School Health Advisory Council (SHAC) held 4 meetings. Additional information regarding the district's SHAC is available from the Director of Health Services.

Notification of upcoming SHAC meetings will be posted on every campus website at each campus administrative office at least 72 hours before the meeting. Notification of upcoming SHAC meetings, meeting minutes, and a recording of each meeting will be posted on the district website at <https://www.lisd.net/Page/1662>.

[See **Consent to Human Sexuality Instruction, Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking** and policies BDF and EHAA. for more information.]

Student Wellness Policy/Wellness Plan (All Grade Levels)

To encourage healthy habits in our students, the district has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement it. For questions about the content or implementation of the district's wellness policy and plan, please contact the Director of Health Services.

Homework (All Grade Levels)

Please contact the student's campus for more information on homework expectations and procedures.

Law Enforcement Agencies (All Grade Levels)

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, including without parental consent, if necessary, if it is part of a child abuse investigation. In other circumstances, the principal will:

- Verify and record the identity of the officer or other authority and ask for an explanation of the need to question the student at school.
- Ordinarily make reasonable efforts to notify the parents, unless the interviewer raises what the principal considers to be a valid objection.
- Ordinarily be present for the questioning or interview, unless the interviewer raises what the principal considers to be a valid objection.

Students Taken into Custody

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a law enforcement officer to obtain fingerprints or photographs for comparison in an investigation.
- By a law enforcement officer to obtain fingerprints or photographs to establish a student's identity where the child may have engaged in conduct indicating a need for supervision, such as running away.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services (CPS), Texas Department of Family and Protective Services (DFPS), a law enforcement officer, or a juvenile probation

officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.

- To comply with a properly issued directive from a juvenile court to take a student into custody.

Before a student is released to a legally authorized person, the principal will verify the person's identity and, to the best of his or her ability, will verify the person's authority to take custody of the student.

The principal will immediately notify the superintendent or designee and will attempt to notify the parent, unless the legally authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a legally authorized person, any notification will most likely be after the fact.

Notification of Law Violations

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors that occur in school, on school property, or at a school-sponsored or school-related activity on or off school property. These personnel will also be notified if the principal has reasonable grounds to believe the student has engaged in certain conduct.
- All appropriate district personnel regarding a student who is required to register as a sex offender.

[See policy GRAA(LEGAL) for more information.]

Leaving Campus (All Grade Levels)

Student attendance is crucial to learning. Appointments should be scheduled outside of school hours if possible. Except for extenuating circumstances, students will not regularly be released before the end of the school day.

Parental consent is required before any student leaves campus for any part of the school day.

- For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day, for elementary students the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required. For middle school students returning the same day, they may check themselves into the office with a parent note or note from a health care provider. **Parents checking students out of school early may be asked to wait for their child outside or in their car.**

- For students in high school, the same process will be followed. If the student's parent will authorize the student to leave campus unaccompanied, the parent must submit a note to the main office in advance of the absence, at least two hours before the student needs to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received information that the student's parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through his or her attendance clerk and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required. **Parents checking students out of school early may be asked to wait for their child outside or in their car.**
- If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school.
- Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student's parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a student in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.
- Parents of students in middle and high school have the option to send a note requesting early release at a specific time for their child to deliver to the attendance clerk before school starts. The attendance clerk can provide the student an advanced pass for early release from class prior to the parent pick up time.

Rideshare Transportation

The district will not release a student during the school day to be picked up alone by a rideshare service such as Uber unless the student is 18 years of age or older.

During Lunch

Students are not allowed to leave campus during lunch. All LISD schools are considered closed campuses.

At Any Other Time during the School Day

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal or other campus administrator or attendance clerk.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

Lost and Found (All Grade Levels)

A "lost and found" collection area is located on each campus. A student who loses an item should check the lost and found box. The district discourages bringing personal items of high monetary value to school, as the district is not responsible for lost or stolen items. The campus will dispose of lost and found items periodically.

Lunch Delivery

Lewisville ISD and our food services partner, Aramark, work together to ensure that no student is denied an opportunity to eat lunch, even if the student forgets lunch or has no money on his/her account. Delivery of food at school should be for emergencies and special circumstances only. Each campus reserves the right to place additional restrictions on food deliveries. The district and/or individual campuses may place restrictions on the delivery of food during the year, including disallowing all deliveries as a safety measure.

Secondary Schools

Food deliveries from a restaurant or delivery service for students are not permitted under any circumstances. If the district/campus allows lunch deliveries, they may only be made by a student's parent/guardian unless the parent/guardian has given approval for another designated adult to make a lunch delivery on a specified date and time. Food deliveries must be secured and labeled with the student's name and grade level. Students will not be called out of class for deliveries, and the campus will not be responsible for lost, stolen, or misplaced deliveries. Student pick-up of delivered items can only happen before/after school and during passing periods. Lunch deliveries should be made prior to the start of the lunch periods so that students can retrieve food during the passing period. Lunch deliveries will not be accepted during STAAR, TELPAS, EOC, AP, or other testing days.

Elementary Schools

Food deliveries from a restaurant or delivery service for students are not permitted under any circumstances. If the district/campus allows lunch deliveries, they may only be made by a student's parent/guardian unless the parent/guardian has given approval for another designated adult to make a lunch delivery on a specified date and time. Food deliveries must be secured and labeled with the student's name and grade level. Please make sure that any lunch deliveries happen as early in the day as possible so that the office has time to ensure the student is able to access their lunch in time to eat in the cafeteria. Lunch deliveries will not be accepted during STAAR, TELPAS, or other testing days.

Makeup Work

Makeup Work Because of Absence (All Grade Levels)

A teacher may assign makeup work to a student who misses class based on instructional objectives and the needs of the student in mastering the essential knowledge and skills or meeting subject or course requirements.

The student will be responsible for obtaining and completing the makeup work within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

While it might not be possible to obtain makeup work in advance, a student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time. This includes absences for extracurricular activities. When applicable, the teacher and student may coordinate the timeline for completion and the activities required.

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and to turn in assignments due in any class missed because of excused absence. Teachers may assign a late penalty to any long-term project in accordance with timelines approved by the principal and previously communicated to students.

The grade for makeup work after an unexcused absence shall be per Board Policy EIA (Local).

Please remember the importance of student attendance at school. With limited exceptions, all absences count for the 90 percent threshold set in state law regarding attendance for credit or final grade. [See **Attendance for Credit or Final Grade.**]

DAEP Makeup Work

Elementary and Middle School Grade Levels

Students will be provided the opportunity to continue progressing in all core and some elective courses while placed at DAEP. Instruction and assignments will be provided by home campus and/or DAEP staff.

Grades 9–12

If a high school student is enrolled in a foundation curriculum course at the time of removal to a disciplinary alternative education program (DAEP), he or she will have an opportunity to complete the course before the beginning of the next school year. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL) for more information.]

In-School Suspension (ISS) and Out-of-School Suspension (OSS) Makeup Work (All Grade Levels)

Students assigned to In-School Suspension (ISS) are considered present as if they were in their regularly assigned classes and schoolwork is to be completed as such. Students suspended from school (OSS) are considered absent and subject to the makeup work provisions above.

Alternative Means to Receive Coursework

While a student is in ISS or OSS, the district will provide the student with all course work for the student's foundation curriculum classes that the student misses as a result of the suspension.

Opportunity to Complete Courses

A student removed from the regular classroom to ISS or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL) for more information.]

Nondiscrimination Statement (All Grade Levels)

In its efforts to promote nondiscrimination and as required by law, the district does not discriminate on the basis of race, religion, color, national origin, gender, sex, age, disability, or any other basis prohibited by law in providing education services, activities, and programs, including Career and Technical Education (CTE) programs. The district provides equal access to the Boy Scouts and other designated youth groups.

In accordance with Title IX, the district does not and is required not to discriminate on the basis of sex and prohibits sex discrimination in its educational programs or activities. The requirement not to discriminate extends employment. Inquiries about the application of Title IX may be referred to the district's Title IX Coordinator (see below), to the U.S. Department of Education's Office for Civil Rights, or both.

Other federal laws that prohibit discrimination include Title VI, Section 504, the Age Discrimination Act, the Boy Scouts Act, and Title II.

The district's nondiscrimination policy and grievance procedures are in the FFH series of policies in the district's policy manual, available at <https://pol.tasb.org/PolicyOnline/PolicyDetails?key=384&code=FFH#localTabContent>

The district has designated and authorized the following employee as the Title IX Coordinator to address concerns or inquiries regarding discrimination on the basis of sex, including sexual harassment, sexual assault, dating violence, domestic violence, stalking, or gender-based harassment:

Jeff Kajs
Chief Executive Director Student Support Services
1565-C W. Main Street, Lewisville, TX 75067
469-948-2004
kajsj@lisd.net

Reports can be made at any time and by any person, including during non-business hours, by mail, phone, or email. During district business hours, reports may also be made in person. Upon the district receiving notice or an allegation of sex-based harassment, the Title IX Coordinator will promptly respond in accordance with the process described in the FFH series of policies

The following district representatives have been designated to address concerns or inquiries about other kinds of discrimination:

For concerns regarding discrimination on the basis of disability, see the ADA/Section 504 Coordinator:

Dr. Kathy Talbert
Chief Executive Director of Special Education
1565 W. Main Street, Lewisville, TX 75067
469-713-5203
talbertk@lisd.net

For all other concerns regarding discrimination, see the superintendent:

Dr. Lori Rapp
Superintendent
1565 W. Main Street, Lewisville, TX 75067
469-713-5200
superintendent@lisd.net

[See policies FB, the FFH series, and GKD for more information.]

Nontraditional Academic Programs (All Grade Levels)

LISD does offer non-traditional academic programs designed to reduce drop-outs and ensure all students can successfully complete a high school diploma. For more information, please contact your campus counselor.

Parent and Family Engagement (All Grade Levels)

Working Together

Experience and research tell us that a child succeeds in education with good communication and a strong partnership between home and school. A parent's involvement and engagement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child every day to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.
- Monitoring your child's academic progress and contacting teachers as needed. [See **Academic Counseling**.]
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the school for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See **Report Cards/Progress Reports and Conferences**.]
- Becoming a school volunteer. [See **Volunteers** and policy GKG for more information.]
- Participating in campus parent organizations. Contact your school for a current list.
- Serving as a parent representative on the district-level or campus-level planning committees that develop educational goals and plans to improve student achievement. For more information, see policies BQA and BQB. For campus level committees, contact the campus principal, for district level planning committees please visit <https://www.lisd.net/domain/10280>
- Serving on the School Health Advisory Council (SHAC) and assisting the district in aligning local community values with health education instruction, human sexuality instruction, instruction on prevention of child abuse, family violence, dating violence, and sex trafficking, and other wellness issues. [See **School Health Advisory Council (SHAC)** and policies BDF, EHAA, FFA for more information.]
- Being aware of the school's ongoing bullying and harassment prevention efforts.
- Contacting school officials if you are concerned with your child's emotional or mental well-being.
- Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.] The dates, location, and agenda for all meetings of the Board of Trustees can be found at <https://www.lisd.net/domain/9365>. Unless otherwise noted, all

Board meetings are held at 1565 W. Main Street, Lewisville, TX. Meeting agendas are available online and at this location no later than 72 hours before each meeting.

Parking and Parking Permits (Secondary Grade Levels Only)

A student must present a valid driver's license and proof of insurance to be eligible for a parking permit.

Students must request a parking permit and pay a fee of \$5.00 to park in a school parking lot. So long as space is available, parking permits may be issued throughout the year. Student expectations:

- Parking during school hours is only with a district issued parking pass which must be displayed on the vehicle
- Follow all posted driving/parking guidance
- Maintain a safe speed and drive in a safe manner
- Park only in designated student parking spaces
- Reserved parking may only be used as directed by school officials
- No parking in the fire lane or in any way that may block other vehicles
- Students may not return to their vehicles during the school day without permission from a school official

Violations of parking expectations may result in loss of parking privileges or other consequences in the Student Code of Conduct. [Also see **Searches, Trained Dogs, and Vehicles on Campus.**]

Pledges of Allegiance and a Minute of Silence (All Grade Levels)

Each school day, students will recite the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See **Reciting the Pledges to the U.S. and Texas Flags.**]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others.

In addition, state law requires that each campus provide for the observance of one minute of silence in remembrance of those who lost their lives on September 11, 2001, at the beginning of the first class period when September 11 falls on a regular school day.

[See policy EC for more information.]

Prayer (All Grade Levels)

Each student has a right to pray individually, voluntarily, and silently or to meditate in school in a manner that does not disrupt school activities. The school will not encourage, require, or coerce a student to engage in or refrain from such prayer or meditation during any school activity.

Promotion and Retention

A student will be promoted only on the basis of academic achievement or proficiency. In making promotion decisions, the district will consider the following:

- Teacher recommendation,
- Grades,

- Scores on criterion-referenced or state-mandated assessments, and
- Any other necessary academic information as determined by the district.

Repeating [Prekindergarten or Kindergarten]-Grade 8 at Parent Request

A parent may request retention in writing, by requesting and submitting the LISD "Parent Requested Retention Grades Pre-K - Eighth Grade OR Six Year Old Enrolling in Kinder" form that will be housed in the student's cumulative folder. Before granting the request, the district may convene a retention committee to meet and discuss the request and will invite the parent to participate.

Elementary and Middle Grade Levels

In grades K-8, promotion is based on LISD School Board Policy EIE (LOCAL).

Promotion and course credit shall be based on mastery of the curriculum. Expectations and standards for promotion shall be established for each grade level, content area, and course and shall be coordinated with compensatory, intensive, and/or accelerated services. [See policy EHBC] The District shall comply with applicable state and federal requirements when determining methods for students with disabilities [see FB] or students who are English language learners [see policy EHBE and EKBA] to demonstrate mastery of the curriculum.

Any modified promotion standards for a student receiving special education services shall be determined by the student's admission, review, and dismissal (ARD) committee and documented in the student's individualized education program (IEP). [See EHBA series and EKB]

In addition to the factors in law that must be considered for promotion, mastery shall be determined as follows:

1. Course assignments and unit evaluation shall be used to determine student grades in a subject. An average of 70 or higher shall be considered a passing grade.
2. Mastery of the skills necessary for success at the next level shall be validated by assessments that may either be incorporated into unit or final exams or may be administered separately. Mastery of at least 70 percent of the objectives shall be required.

Promotion from grade 1 to grade 2 shall be based on mastery of the grade 1 grade-level standards (essential knowledge and skills), as demonstrated through skills observed/assessed by the teacher, individual student work, and portfolios/collections of each student's work.

In grades 2–5, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in three of the following areas: language arts, mathematics, science, and social studies.

In grades 6–8, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level standards (essential knowledge and skills) for all subject areas, a grade of 70 or above in mathematics and in language arts, and a grade of 70 or above in either social studies or science.

If a student in grades 3–8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the

student will be required to take an applicable state-mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

A student in grades 3–8 shall be assessed at least once in high school with the ACT or the SAT if the student completes the high school end-of-course assessments in mathematics, reading/language arts, or science prior to high school.

High School Grade Levels

To earn credit in a course, a student must receive a grade of at least 70 based on course-level standards.

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned. [See **Grade-Level Classification**.]

Students will also have multiple opportunities to retake EOC assessments. [See **Graduation** and **Standardized Testing**.]

Repeating a High-School Credit Course

A parent may request in writing that a student repeat a high-school credit course in which the student was enrolled during the previous school year unless the district determines that the student has met all requirements for graduation.

Before granting the request, the district may convene a retention committee to meet and discuss the request and will invite the parent to participate.

Only the student's first passing grade will be included in the calculation of class ranking and GPA.

Release of Students from School

[See **Leaving Campus**.]

Remote Instruction

The district may offer remote instruction in accordance with TEA guidelines.

All district policies, procedures, guidelines, rules, and other expectations of student behavior will be enforced as applicable in a remote or virtual learning environment.

Report Cards/Progress Reports and Conferences (All Grade Levels)

Report cards with each student's performance and absences in each class or subject are issued at least once every nine weeks.

At the end of the first three weeks of a grading period, parents will receive a progress report if their child's performance in any course/subject area is near or below 70 or is below the expected level of performance. If a student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be asked to schedule a conference with the teacher. [See **Working Together** for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy. Grading guidelines are designed to reflect each student's relative mastery of each assignment. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See **Grading Guidelines** and policy EIA(LOCAL) for more information.]

Questions about grade calculation should first be discussed with the teacher. If the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70.

Report cards and unsatisfactory progress reports must be signed by the parent and promptly returned. The district may use an electronic program to communicate academic information about your child, including for report card and progress reporting purposes.

Parents may monitor student grades at any time in the Skyward Family Access account.

Retaliation

[See **Dating Violence, Discrimination, Harassment, and Retaliation.**]

Required State Assessments

STAAR (State of Texas Assessments of Academic Readiness)

Grades 3–8

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading Language Arts, annually in grades 3–8
- Science in grades 5 and 8
- Social Studies in grade 8

Standardized Testing for a Student Enrolled Above Grade Level

If a student in grades 3–8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state-mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

A student in grades 3–8 shall be assessed at least once in high school with the ACT or the SAT if the student completes the high school end-of-course assessments in mathematics, reading/language arts, or science prior to high school.

High School Courses End-of-Course (EOC) Assessments

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II
- Biology
- U.S. History

Satisfactory performance on the applicable assessments is required for graduation, unless waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment. The windows occur in the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have opportunities to retake the assessment.

Requesting Administration of STAAR/EOC in Paper Format (All Grade Levels)

STAAR and EOC assessments are administered electronically.

The state has allowed for parents to request paper tests in certain circumstances. Please visit your campus assessment webpage for details and deadlines for requesting a paper STAAR test.

Standardized Testing for a Student in Special Programs

Certain students — some with disabilities and some classified as emergent bilingual students — may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, school counselor, or special education director.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain criteria established by the state as determined by the student's ARD committee.

An admission, review, and dismissal (ARD) committee for a student receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student's personal graduation plan (PGP). [See **Graduation**.] STAAR Spanish is available for eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

For more information, see the principal, school counselor, or special education director

Failure to Perform Satisfactorily on a STAAR or EOC Assessment

If a student does not perform satisfactorily on a required state assessment in any subject, the district will provide accelerated instruction for the student in the next school year through one of the following:

- Assigning the student to a teacher who is certified as a master, exemplary, or recognized teacher if one is available in the grade and subject matter of the state assessment on which the student did not perform satisfactorily, or
- Providing supplemental instruction.

A student may be required to attend any assigned supplemental instruction program before or after school or during the summer.

When a student fails to perform satisfactorily on a required state assessment in the same subject area for two or more years, the district shall develop an accelerated education plan. Parents are encouraged to participate in developing this plan.

Personal Graduation Plans - Middle School Students

For a middle-school student who does not perform satisfactorily on a state-mandated examination, a school official will prepare a personal graduation plan (PGP).

School officials will also develop a PGP for a middle-school student who is determined by the district to be unlikely to earn a high school diploma within five years of high school enrollment. The plan will, among other items;

- Identify the student's educational goals,

- Address the parent's educational expectations for the student, and
- Outline an intensive instruction program for the student.

[See the school counselor and policy EIF(LEGAL) for more information.]

For a student receiving special education services, the student's IEP may serve as the student's PGP and would therefore be developed by the student's ARD committee.

[See **Personal Graduation Plans** for information related to the development of personal graduation plans for high school students.]

Safety (All Grade Levels)

Student safety on campus, at school-related events, and in district vehicles is a high priority of the district. The cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow all behavioral standards in this handbook and the Student Code of Conduct or set by district employees.
- Help secure the campus by keeping all exterior doors closed, latched, and locked unless the door is actively monitored by a district employee.
- Follow instructions from teachers and other district employees regarding classroom doors.
- Remain alert to any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member, and promptly report any incidents to a district employee. A student may make anonymous reports about safety concerns at <https://appweb.stopitsolutions.com/login>
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.
- Avoid entering a school building other than through designated unlocked and/or monitored entrances and shall not open an exterior door that is locked from the outside for any known or unknown individual, whether students, staff, or visitor.
- Not prop any door open or in any way circumvent locking mechanisms intended to secure an exterior door, window, or other entrance or exit.
- Not enter a district school building, athletic field, or other indoor/outdoor facility without express permission during hours the facility is closed or when prohibited by signage, including over or through open or secured doors, gates, fencing, or other access points.

Accident Insurance

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child. Information is available in the office at your child's school or at <https://www.lisd.net/domain/6541>.

Insurance for Career and Technical Education (CTE) Programs

The district may purchase accident, liability, or automobile insurance coverage for students and businesses involved in the district's CTE programs.

Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies

Periodically, the school will conduct preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Preparedness Training: CPR and Stop the Bleed

The district will offer instruction in CPR and the use of an automated external defibrillator (AED) at least once to students enrolled in grades 7–12. The instruction can be provided as part of any course and is not required to result in CPR or AED certification.

The district will annually offer students in grades 7–12 instruction on the use of bleeding control stations to respond to traumatic injury. For more information, see:

- [Homeland Security's Stop the Bleed \(https://www.dhs.gov/stopthebleed\)](https://www.dhs.gov/stopthebleed)
- [Stop the Bleed Texas \(https://stopthebleedtexas.org/\)](https://stopthebleedtexas.org/)

Student IDs

As part of the district's safety measures, students must wear their school issued identification (ID) cards at all times at all district middle and high school campuses and career centers. Some elementary schools may also require students to wear IDs. Failure to wear an ID when required may result in disciplinary action in accordance with the Student Code of Conduct. Lost student IDs must be replaced at student/parent expense.

Emergency Medical Treatment and Information

All parents are asked each year to complete a medical care authorization form, providing written parental consent to obtain emergency treatment and information about allergies to medications or drugs. Parents should contact the school nurse to update emergency care information (name of doctor, emergency phone numbers, allergies, and the like).

The district may consent to medical treatment, if necessary, for a student if all of the following requirements are met:

- The district has received written authorization from a person having the right to consent;
- That person cannot be contacted; and
- That person has not given the district actual notice to the contrary.

The emergency care authorization form will be used by the district when a student's parent or authorized designee cannot be contacted. A student may provide consent if authorized by law or court order.

Regardless of parental authorization for the district to consent to medical treatment, district employees will contact emergency medical services to provide emergency care when required by law or when deemed necessary, such as to avoid a life-threatening situation.

Emergency School Closing Information

Each year, parents are asked to complete an emergency release form to provide contact information if the district needs to notify parents of early dismissal, delayed opening, or

restricted access to a campus because of severe weather, a security threat, or another emergency cause.

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. It is crucial to notify your child's school when a phone number changes. State law requires parents to update contact information within two weeks after the date the information changes.

If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will also alert the community in the following ways: district website, district and campus social media, local news stations, and/or Skylert Messaging.

[See **Automated Emergency Communications.**]

SAT, ACT, and Other Standardized Tests

[See **Standardized Testing.**]

Schedule Changes (Middle and High School Grade Levels)

Staffing and scheduling of courses is based on student course selection each year. Once student schedules are created, a change may not be possible. Concerns about a student's schedule may be discussed with a campus counselor or administrator.

School Facilities

Asbestos Management Plan (All Grade Levels)

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district's asbestos management plan is available in the central administrative office. If you have any questions or would like to examine the district's plan in more detail, please contact the district's designated Asbestos Coordinator at (469)948-7820.

Food and Nutrition Services (All Grade Levels)

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law.

Some students are eligible for free and reduced-price meals based on financial need. Information about a student's participation is confidential. The district may share information such as a student's name and eligibility status to help enroll eligible children in Medicaid or the state children's health insurance program (CHIP) unless the student's parent requests the student's information not be disclosed.

Participating students will be offered the same meal options as their peers and will not be treated differently from their peers.

See <http://www.school lunchapp.com/> to apply for free or reduced-price meal services and possible additional benefits or contact any counselor or administrator at your child's campus for assistance or call 469-713-5207.

[See policy CO for more information.]

Parents should continually monitor their child's meal account balance. When a student's meal account is depleted, the district will notify the parent. The student may continue to purchase meals according to the grace period set by the school board. The district will present the parent with a schedule of repayment for any outstanding account balance and an application for free or reduced meals.

If the district is unable to work out an agreement with the student's parent on replenishment of the meal account and payment of any outstanding balance, the student will receive an alternate meal which consists of toast at breakfast and a sunbutter sandwich at lunch with the fruit/veggie sides selected. The district will make every effort to avoid bringing attention to the student.

The following information is published as required by the USDA for participation in the National School Lunch Program:

"In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

"Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotope, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

"To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/ad-3027.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

1. mail:

U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410; or

2. fax:

(833) 256-1665 or (202) 690-7442; or

3. **email:**

Program.Intake@usda.gov

“This institution is an equal opportunity provider.”

The responsible state agency that administers the program is the [Texas Department of Agriculture](https://www.texasagriculture.gov/Home/Contact-Us) (<https://www.texasagriculture.gov/Home/Contact-Us>), which can be reached at (800) TELL-TDA (835-5832) or (800) 735-2989 (TTY).

The local agency that administers the program is the district. See **Nondiscrimination Statement** on page 75 for the name and contact information for the Title IX coordinator, ADA/Section 504 coordinator, and superintendent for other concerns about discrimination.

Vending Machines (All Grade Levels)

The district has adopted and implemented the state and federal policies for food service, including guidelines to restrict student access to vending machines. For more information regarding these policies and guidelines, see the campus principal. [See policy FFA for more information.]

Pest Management Plan (All Grade Levels)

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, periodic indoor and outdoor pesticide use is sometimes necessary to ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the U.S. Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area.

Parents who have questions or who want to be notified of the times and types of applications prior to pesticide application inside their child’s school assignment area may contact Integrated Pest Management coordinator at (469)948-7820.

Library (All Grade Levels)

The school library is a place to collaborate, learn, and explore interests. Library hours and opportunities for student access are set by each campus. In addition to print books, all students also have access to the district eBook/audiobook collection and other online resources they can use anywhere, anytime. Some of the libraries offer makerspaces, robotics and 3D printing. The school librarian is a certified teacher and technology consultant ready to help with school assignments or personal projects.

The district provides a wide range of library materials for students and faculty that support student achievement and present varying levels of difficulty, diversity of appeal, and a variety of points of view. The district follows the Texas State Library and Archive Commission’s standards for school library collection development.

Parents are the primary decision makers regarding their student’s access to library material. The district encourages parental involvement in library acquisition, maintenance, and campus

activities. Parents are encouraged to communicate with the campus librarian and their child's teacher about special considerations regarding library materials self-selected by their student.

A parent who wants to access to the school's library or any available online catalog should submit a request to the principal.

The district welcomes student and parent feedback on library materials and services. Parents may contact campus librarian or administrator. A district employee or parent/guardian may request the reconsideration of a library material by contacting the librarian or another administrator or by submitting a reconsideration of library material request on a form available through the campus principal. More information available at lisd.net/books. For more information, see EFB(LOCAL).

Use by Students Before and After School (All Grade Levels)

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

Students must leave campus immediately after dismissal of school in the afternoon, unless the student is involved in an activity under the supervision of a teacher or other authorized employee or adult.

Misbehavior will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

Meetings of Non Curriculum-Related Groups (Secondary Grade Levels Only)

Student-organized, student-led non curriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal's office.

School-Sponsored Field Trips (All Grade Levels)

The district periodically takes students on field trips for educational purposes.

A parent must provide permission for a student to participate in a field trip.

The district may ask the parent to provide information about a student's medical provider and insurance coverage and may also ask the parent to sign a waiver allowing for emergency medical treatment in the case of a student accident or illness during the field trip.

The district may require a fee for student participation in a field trip that is not required as part of a basic educational program or course to cover expenses such as transportation, admission, and meals; however, a student will not be denied participation because of financial need. See **Fees (All Grade Levels)** for more information.

The district is not responsible for refunding fees paid directly to a third-party vendor.

Searches and Investigations

Searches in General (All Grade Levels)

In the interest of promoting student safety and drug-free schools, district officials may occasionally conduct searches and investigations.

District officials may conduct investigations in accordance with law and district policy and may question students regarding a student's own conduct or the conduct of others. [For questioning of students by law enforcement officials, see Law Enforcement Agencies (All Grade Levels).]

As a normal operating procedure and in a constant effort to maintain safety and security on our campuses, it is normal for campus administration to conduct interviews, investigate or hold formal and informal discussions with students to solve problems, be proactive or correct negative situations that occur on campus. Prior parent permission is not required before the administrative staff initiates the student interaction or an investigation.

All parents and guardians will be contacted as needed after the student interview or discussions to inform them about the nature of the investigation or discussion. There are times that it is acceptable for parents to be involved in the initial interview or discussion but not a requirement.

District officials may search students, their belongings, and their vehicles in accordance with law and district policy. Searches of students will be conducted without discrimination, based on, for example, reasonable suspicion or voluntary consent or pursuant to district policy providing for suspicionless security procedures, including the use of metal detectors.

In accordance with the Student Code of Conduct, students are responsible for prohibited items found in their possession, including items in their personal belongings or in vehicles parked on district property.

If there is reasonable suspicion to believe that searching a student's person, belongings, or vehicle will reveal evidence of a violation of the Student Code of Conduct, a district official may conduct a search in accordance with law and district regulations.

District Property (All Grade Levels)

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice. Students have no expectation of privacy in district property.

Students are responsible for any item found in district property provided to the student that is prohibited by law, district policy, or the Student Code of Conduct.

Metal Detectors (All Grade Levels)

To maintain a safe and disciplined learning environment, the district reserves the right to subject students to metal detector searches when entering a district campus and at off-campus, school-sponsored activities. Students may also be subject to search by portable metal detector during the course of a campus investigation.

Telecommunications and Other Electronic Devices (All Grade Levels)

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal electronic devices will be conducted in accordance with law, and the device may be confiscated to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See **Electronic Devices and Technology Resources** and policy FNF(LEGAL) for more information.]

Trained Dogs (All Grade Levels)

The district may use trained dogs to screen for concealed, prohibited items, including drugs and alcohol. Screenings conducted by trained dogs will not be announced in advance. The dogs will not be used with students, but students may be asked to leave personal belongings in an area that is going to be screened, such as a classroom, a locker, or a vehicle. If a dog alerts to an item or an area, it may be searched by district officials.

Vehicles on Campus (Secondary Grade Levels Only)

A student has full responsibility for the security and content of his or her vehicle parked on district property and must make certain that it is locked and that the keys are not given to others. [See the *LISD Student Code of Conduct*.]

Vehicles parked on district property are under the jurisdiction of the district. School officials may search any vehicle any time there is reasonable suspicion to do so, with or without the permission of the student. If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses to cooperate, the student's parent will be contacted. If a search is also refused by the student's parent, the district will turn the matter over to law enforcement and the student will lose the privilege to drive or park a vehicle on all district property for at least one calendar year. The district may, in certain circumstances, contact law enforcement even if permission to search is granted.

Sexual Harassment

[See **Dating Violence, Discrimination, Harassment, and Retaliation**.]

Special Programs (All Grade Levels)

The district provides special programs for gifted and talented students, students who are homeless, students in foster care, bilingual students, migrant students, emergent bilingual students, students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact the campus principal or assistant principal.

The Texas State Library and Archives Commission's [Talking Book Program](https://www.tsl.texas.gov/tbp/index.html) (<https://www.tsl.texas.gov/tbp/index.html>) provides audiobooks free of charge to qualifying Texans, including students with visual, physical, or reading disabilities such as dyslexia.

Standardized Testing

SAT/ACT (Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. These assessments are usually taken at the end of the junior year. Students are encouraged to talk with the school counselor early during their junior year to learn about these assessments and determine the appropriate examination to take. The Preliminary SAT (PSAT) and ACT-Aspire are the corresponding preparatory and readiness assessments for the SAT and ACT.

Note: These assessments may qualify a student to receive a performance acknowledgment on the student's transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances. A student's performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

TSI (Texas Success Initiative) Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The TSI assesses the reading, mathematics, and writing skills that first-year students need to perform effectively as undergraduates in Texas public colleges and universities. This assessment may also be required before a student enrolls in a dual credit course offered through the district. Achieving certain benchmark scores on this assessment may also waive certain end-of-course assessment requirements in limited circumstances.

Student Speakers (All Grade Levels)

The district provides students the opportunity to introduce some school events. More information can be found in policy FNA(LOCAL).

[See **Graduation** for information related to student speakers at graduation ceremonies and policy FNA(LOCAL) regarding other speaking opportunities.]

Summer School (All Grade Levels)

See summer school information at: <https://www.lisd.net/domain/5964>.

Tardies (All Grade Levels)

Students are expected to be on time to class. Tardies are subject to campus discipline. Repeated instances of tardiness will result in more serious disciplinary action, in accordance with the Student Code of Conduct. In addition, unexcused tardies can result in a truancy court filing.

Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)

Instructional materials are any resources used in classroom instruction as part of the required curriculum, such as textbooks, workbooks, computer software, or online services.

The district selects instructional materials in accordance with state law and policy EFA.

The district provides approved instructional materials to students free of charge for each subject or class. Students must treat instructional materials with care, as directed by the teacher.

If a student needs a graphing calculator for a course and the district does not provide one, the student may use a calculator application with graphing capabilities on a phone, laptop, tablet, or other computing device.

A student who is issued a damaged item should report the damage to the teacher.

Any student who does not return an item or returns an item in an unacceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage

is paid for by the parent. However, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

For information on library books and other resources students may access voluntarily, see **Library (All Grade Levels)**.

Transfers (All Grade Levels)

The district provides the opportunity for parents to request that their child attend a school other than the one designated for their address. Requests may only be made during specified periods for the following school year and approval is subject to the criteria specified in Board Policy. Parents and students can find more information about transfer options and guidelines at <https://www.lisd.net/transfers>.

The principal is authorized to transfer a student from one classroom to another on the same campus. Transfers to a campus other than the student's assigned campus must follow the procedures outlined in FDB/FDA(LOCAL) as well as transfer administrative guidelines. Questions about intra and inter district transfers should be directed to the Executive Director of Student Services at 469-713-5206.

[See **Safety Transfers/Assignments, Bullying, and A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services**, for other transfer options.]

Transportation (All Grade Levels)

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests that the student be released to the parent or to another adult designated by the parent. [See **School-Sponsored Field Trips**.]

Buses and Other School Vehicles

The district makes school bus transportation available to all students residing in-district who are living two or more miles from school and attending the campus zoned for their address. This service is provided at no cost to students. Transportation is not provided for students who have transferred to a school not zoned for their address.

Bus routes and stops will be designated annually, and any subsequent changes will be posted at the school and on the district's website. For the safety of the operator of the vehicle and all passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops. To locate the bus stop your child should use, please use the bus locator at:

<https://www.infofinder.com/ifi/?cid=NACLI3Y8SZXL6V&ppid=FORD41815>.

The district has identified the following areas where hazardous traffic conditions and/or a high risk of violence exist for students who live within two miles of the campus:

[Hazardous Traffic Conditions List](#)

Because students in these areas might encounter hazardous traffic conditions or be subject to a high risk of violence when walking to and from school, the district will provide transportation to these students.

For additional information, please contact:

Jennifer Boniol

Director of Student Services

1565-C W. Main Street Lewisville, TX 75067

469-948-2004

Please contact LISD's contracted transportation provider, Texas Central School Bus, at <https://www.lisd.net/Domain/160> for additional information.

A parent may designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated location must be an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, contact Texas Central School Bus.

All students using district transportation must have a signed Bus Rider Contract, found at <https://www.lisd.net/Page/15211>.

Transportation is not provided for students assigned to DAEP.

Students are expected to assist district staff in ensuring that buses and other district vehicles are clean and safe. When riding in district vehicles, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Enter and exit transportation in an orderly manner at the designated stop.
- Remain seated in designated seats facing forward.
- Keep aisles clear of books, bags, instruments, feet, or other obstructions.
- Comply with lawful directives issued by the driver.
- Fasten their seat belts, if available
- Wait for the driver's signal upon leaving the vehicle and before crossing in front of the vehicle
- Follow the driver's rules for food or beverages.
- Do not extend any body part, clothing, or other article outside of the transportation.
- Keep hands, feet, other body parts, or objects to yourself.
- Refrain from making loud or distracting noises.
- Do not obstruct the driver's view.
- Do not throw objects inside the transportation or out of the windows or doors.
- Do not mark, deface, destruct, or tamper with seats, windows, emergency doors, or other equipment.
- Utilize authorized routes and stops only.

Misconduct will be punished in accordance with the Student Code of Conduct, including loss of the privilege to ride in a district vehicle.

Vandalism (All Grade Levels)

Littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

Video Cameras (All Grade Levels)

For safety purposes, the district uses video and audio recording equipment to monitor student behavior, including on buses, in common areas on campus, and in some classrooms. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings as needed and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

In accordance with state law, a parent of a student who receives special education services, a staff member (as this term is defined by law), a principal or assistant principal, or the board may make a written request for the district to place video and audio recording equipment in certain self-contained special education classrooms. The district will provide notice before placing a video camera in a classroom or other setting in which a child receives special education services. For more information or to request the installation and operation of this equipment, contact the principal.

[See policy EHBAF(LOCAL) for more information.]

[See **Consent to Video or Audio Record a Student when Not Already Permitted by Law** for video and other recording by parents or visitors to virtual or in-person classrooms.]

Visitors to the School (All Grade Levels)

General Visitors

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must:

- Request entry to the school at the primary entrance unless otherwise directed by a district employee.
- Report to the main office.
- Be prepared to show identification.
- Exit the school at the primary entrance and leave all exterior doors closed, latched, and locked unless actively monitored by a district employee.
- Comply with all applicable district policies and procedures.

If requested by a district employee, a visitor must provide identification such as a driver's license, other picture identification issued by a government entity, or employee or student identification issued by the district. A person who refuses to provide identification and who reasonably appears to have no legitimate reason to be on district property may be ejected from district property.

Individuals may visit classrooms or observe virtual instruction during instructional time only with approval of the principal and teacher. Visitors may not interfere with instruction or disrupt the normal school environment.

All visitors are expected to demonstrate the highest standards of courtesy and conduct. Disruptive behavior or violations of student privacy will not be permitted.

Please see **Appendix III** for campus visitor procedures.

Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer has the authority to refuse entry to or eject a person from district property if the person refuses to leave peaceably on request and either of the following applies:

- The person poses a substantial risk of harm to any person
- The person behaves in a manner that is inappropriate for a school setting and persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with policies FNG(LOCAL) or GF(LOCAL).

[See the Student Code of Conduct.]

Visitors Participating in Special Programs for Students

Business, Civic, and Youth Groups

The district may invite representatives from patriotic societies listed in Title 36 of the United States Code to present information to interested students about membership in the society.

Career Day

The district offers opportunities for representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

Volunteers (All Grade Levels)

We appreciate the efforts of parents, grandparents, and community volunteers who are willing to serve our district and students. If you are interested in volunteering, please update or complete a volunteer application at <http://lewisvilleisd.voly.org>. For questions about volunteering on a specific campus, please reach out to that campus directly. .

LISD requires all volunteers in our schools to complete a background check every year. Subject to exceptions in accordance with state law and district procedures, the district requires a state criminal history background check for each volunteer, including parents, guardians, or grandparents of a child enrolled in the district. Approval will come via email and can take up to two weeks.

Approved volunteers will still need to provide their driver's license for scanning into our Raptor visitor management system each time they visit.

Voter Registration (Secondary Grade Levels Only)

A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.

Withdrawing from School (All Grade Levels)

A student under age 18 may be withdrawn from school only by a parent or legal guardian with that right. The school requests notice from the parent or guardian at least three days in advance so that records and documents may be prepared. The parent or guardian may obtain a withdrawal form from the school's office. The campus registrar will provide guidance for all withdrawal steps. Please contact the registrar by phone or email to initiate this process. <https://www.lisd.net/registrars>.

A student who is age 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

Glossary

Accelerated instruction, also referred to as supplemental instruction, is an intensive supplemental program designed to help an individual student acquire the knowledge and skills required at his or her grade level. It is required when a student does not meet the passing standard on a state-mandated assessment.

Accelerated learning committee (ALC) is a committee that must be established when a student does not perform satisfactorily on the math or reading assessment in grades 3, 5, or 8. The committee includes district personnel and the student's parent and develops an educational plan for accelerated instruction to enable the student to perform at the appropriate grade level by the end of the next school year.

ACT, or the American College Test, is one of the two most frequently used college or university admissions examinations. The test may be required for admission to certain colleges or universities.

ACT-Aspire is designed as a preparatory and readiness assessment for the ACT. This is usually taken by students in grade 10.

ARD stands for admission, review, and dismissal. The ARD committee convenes for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

Attendance review committee is responsible for reviewing a student's absences when the student's attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit or a final grade lost because of absences.

CPS stands for Child Protective Services.

DAEP stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

DFPS stands for the Texas Department of Family and Protective Services.

DPS stands for the Texas Department of Public Safety.

DSHS stands for the Texas Department of State Health Services.

ED stands for the U.S. Department of Education.

EOC (end-of-course) assessments are state-mandated and are part of the STAAR program. Successful performance on EOC assessments is required for graduation. These examinations will be given in English I, English II, Algebra I, Biology, and U.S. History.

ESSA is the federal Every Student Succeeds Act.

FERPA refers to the federal Family Educational Rights and Privacy Act, which grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 years of age or older directs the school not to release directory information.

IEP stands for individualized education program and is the written record prepared by the ARD committee for a student with disabilities who is eligible for special education services.

IGC is the individual graduation committee, formed in accordance with state law, to determine a student's eligibility to graduate when the student has failed to demonstrate satisfactory performance on no more than two of the required state assessments.

ISS refers to in-school suspension, a disciplinary technique for misconduct found in the Student Code of Conduct. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

PGP stands for personal graduation plan, which is required for high school students and for any student in middle school who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

PSAT is the preparatory and readiness assessment for the SAT. It also serves as the basis for the awarding of National Merit Scholarships.

Safe and Supportive School Team is a team established at each campus that is responsible for conducting a threat assessment regarding individuals who make threats of violence or exhibit harmful, threatening, or violent behavior and determining appropriate intervention, and providing guidance to students and school employees on recognizing harmful, threatening, or violent behavior that may pose a threat to the community, school, or individual.

SAT refers to the Scholastic Aptitude Test, one of the two most frequently used college or university admissions examinations. The test may be required for admissions to certain colleges or universities.

SHAC stands for School Health Advisory Council, a group of at least five members, a majority of whom must be parents, appointed by the school board to help ensure that local community values and health issues are reflected in the district's health education instruction, as well as assist with other student and employee wellness issues.

Section 504 is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

STAAR is the State of Texas Assessments of Academic Readiness, the state's system of standardized academic achievement assessments.

STAAR Alternate 2 is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student's ARD committee.

STAAR Spanish is an alternative state-mandated assessment administered to eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

State-mandated assessments are required of students at certain grade levels and in specified subjects. Except under limited circumstances, students must pass the STAAR EOC assessments to graduate. Students have multiple opportunities to take the tests, if necessary, for graduation.

Student Code of Conduct is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from a classroom, campus, or district vehicle; sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP; and outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student's violation of one of its provisions.

TAC stands for the Texas Administrative Code.

TEA stands for the Texas Education Agency, which oversees primary and secondary public education in Texas.

TELPAS stands for the Texas English Language Proficiency Assessment System, which assesses the progress that English learners make in learning the English language and is administered for those who meet the participation requirements in kindergarten–grade 12.

TSI stands for the Texas Success Initiative, an assessment designed to measure the reading, mathematics, and writing skills that entering college-level freshmen students should have if they are to be successful in undergraduate programs in Texas public colleges and universities.

TXVSN stands for the Texas Virtual School Network, which provides online courses for Texas students to supplement the instructional programs of public school districts. Courses are taught by qualified instructors and are equivalent in rigor and scope to a course taught in a traditional classroom setting.

UIL refers to the University Interscholastic League, the statewide, voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.

Appendix I: Freedom From Bullying

Note that school board policies may be revised at any time. For legal context and the most current copy of the local policy, visit <https://pol.tasb.org/Policy/Code/384?filter=FFI>.

Below is the text of LISD's policy FFI(LOCAL) as of the date that this handbook was finalized for this school year. Student Welfare: Freedom from Bullying Policy FFI(LOCAL) adopted on 11/11/2017.

Lewisville ISD
061902

STUDENT WELFARE
FREEDOM FROM BULLYING

FFI
(LOCAL)

Note: This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyber-bullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited	The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.
Examples	Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.
Retaliation	The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.
Examples	Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.
False Claim	A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.
Timely Reporting	Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.
Reporting Procedures	To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.
Student Report	
Employee Report	Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

DATE ISSUED: 11/11/2017
UPDATE 109
FFI(LOCAL)-A

1 of 3

Lewisville ISD
061902

STUDENT WELFARE
FREEDOM FROM BULLYING

FFI
(LOCAL)

Report Format	A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.
Notice of Report	When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.
Prohibited Conduct	The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.
Investigation of Report	The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.
Concluding the Investigation	<p>Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.</p> <p>The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.</p>
Notice to Parents	If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.
District Action Bullying	If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District's Student Code of Conduct and may take corrective action reasonably calculated to address the conduct. The District may notify law enforcement in certain circumstances.
<i>Discipline</i>	A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.

DATE ISSUED: 11/11/2017
UPDATE 109
FFI(LOCAL)-A

2 of 3

	The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.
<i>Corrective Action</i>	Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.
<i>Transfers</i>	The principal or designee shall refer to FDB for transfer provisions.
<i>Counseling</i>	The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.
<i>Improper Conduct</i>	If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.
Confidentiality	To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.
Appeal	A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.
Records Retention	Retention of records shall be in accordance with CPC(LOCAL).
Access to Policy and Procedures	This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. Copies of the policy and procedures shall be posted on the District's website, to the extent practicable, and shall be readily available at each campus and the District's administrative offices.

Appendix II: LISD Dress Code

Lewisville ISD | Dress Code

Updated June 2022

The following guidelines are established as a point of reference for parents, students and school administrators in regards to student dress. All students must be clean and neatly groomed. Campus administrators have the final authority to determine if student dress is inappropriate, unsafe, or may be a disruption to the learning environment.

Hair, jewelry, and clothing may not create a distraction to the learning environment, prohibit participation in learning, or create a safety concern.

Caps, hats, sweatbands, bandanas, hair rollers, and other items for grooming or head covering may not be worn in the school building. Exceptions may be made by campus administration for designated spirit days.

Clothing that portrays or represents items or behavior prohibited in school may not be worn by students. This includes, but is not limited to drugs, alcohol, profanity or obscenity, tobacco, suggestive wording, violence or gangs.

Shorts, skirts and dresses must be an appropriate length, at or about mid-thigh. Leggings/yoga pants/spandex shorts may be worn if the buttocks area is covered with a shirt or worn underneath a dress, skirt, or shorts. All clothing should be appropriately fitted.

Clothing deemed inappropriate, offensive, or unsafe by campus administration for school in general may not be worn by students. This includes but is not limited to trench coats, see-through clothing, and shirts that bare the midriff, back, or torso or shirts that expose undergarments or completely bare the shoulder.

Undergarments must not be visible.

Students are required to wear shoes appropriate for the school setting. Flip flops may not be worn by elementary students for safety reasons.

Clothing that is clearly sleepwear or pajamas, house shoes, slippers, etc. may not be worn by students. Exceptions may be made by campus administration for designated spirit days.

If tattoos are visible, content may not portray or represent items or behavior prohibited in schools or create a distraction to the learning environment.

Appendix III: Campus Visitor Guidelines

Lewisville ISD **CAMPUS VISITORS GUIDELINES**

Parents are encouraged to visit and be involved at LISD schools. The safety of our students is of utmost importance. All visitors, including parents, are required to report to the main office to sign in. All visitors must present a current driver's license, passport, or government issued photo ID to obtain a visitor's pass. LISD schools utilize RAPTOR visitor sign-in system which works with the National Sex Offender Registry. All visitors should be prepared to present their photo ID at each visit.

All visitors must wear the pass provided by the front office for the duration of their visit.

Lewisville ISD employees must wear their district badge the entire time present at LISD campuses and other buildings.

Current secondary (Gr 6-12) students who are visiting another campus as part of a school function or activity, must present and wear a school ID but are not required to be scanned for RAPTOR.

Parent's Classroom Visitation Guidelines

LISD wants parents/guardians to feel welcome in our school and witness the engaging activities taking place in our classrooms. If you choose to visit your child's classroom during the school day, the following procedures will apply:

- Campus administration and the teacher must be notified of the request at least 24 hours in advance and approve the timeframe in which a parent intends to visit their child's classroom.
- Parents must sign in through the main office and present a current ID. No person, other than the student's parent/guardian will be allowed to visit the classroom without the parent/guardian's written permission or the parent/guardian being present.
- Classroom visits or observations are limited to two, 45-minute visits per eighteen weeks.
- Classroom visits or observations will be permitted as long as their duration and/or frequency does not interfere with the delivery of instruction or disrupt the normal school environment as determined by the principal.
- This policy does not apply to those who, by law, are permitted to visit with children during the school day.

Lunch with Students

- Parents/guardians are welcome to eat lunch with their child/ren. Parents may bring lunch for their child/ren and themselves or purchase in the cafeteria.
- Parents may not bring food or drink for students other than their own child.
- During STAAR or other testing day parents/guardians **may not** have lunch at school with their child/ren. No lunch deliveries or visitors will be allowed during testing.

- Relatives of students are welcome for lunch when accompanied by the parent/guardian or with prior written parent permission for each visit.
- Parents should sit with their child in a designated area. Other students will not be permitted to eat in the designated visitor area without their own parents.

Non-family visitors who have a legitimate interest to visit students during lunch must:

- Provide written permission from the parent of the student/s at least 24 hours prior to each visit. Non-family visitors may only sit and visit with students for whom they have received parental permission.
- Sign in through the main office and present a current ID for the RAPTOR system to receive a visitor's pass.
- Abide by any other parameters for these visits as determined by the campus administration based on factors such as the nature of recurring visits, pre-planning, and the number of students.

Elementary Campus Playgrounds

- Only school employees and elementary students are allowed on the playground during bus arrival/dismissal time, during school hours, and during the Extended School Day program.

Volunteers

- Volunteers must complete a criminal background check. This can be completed on the LISD website (www.lisd.net), go to *Resources>For Parents>Volunteer Information*. This may take a minimum of 2 weeks to process. Volunteers must reapply every three years.

Videotapes and Recordings - Education Code 26.009 (See EHA, EHBAF, FM, and FO)

- A district employee must obtain the written consent of a child's parent before the employee may make or authorize the making of a videotape of a child or record or authorize the recording of a child's voice (FL Legal). If someone is allowed to videotape and/or record without permission, it is considered authorizing the making of a videotape or recording.

Exceptions

- A district employee is not required to obtain the consent of a child's parent before the employee may make a videotape of a child or authorize the recording of a child's voice if the videotape or voice recording is to be used only for:
 - The purpose of safety, including the maintenance of order and discipline in common areas of the school or on school buses;
 - A purpose related to a co-curricular or extra-curricular activity;
 - A purpose related to regular classroom instruction;
 - Media coverage of the school

District Raptor FAQ's

How does the system work?

Visitors present a valid state or government issued photo identification card to the school's receptionist. This ID is scanned into the V-Soft system and the personal information from the ID is cross-referenced against names of registered sexual offenders (RSO) in a database maintained by RAPTOR Technologies, Inc. Within moments, the receptionist will know if the visitor is an RSO. If this is the case, then guidelines are in place to positively engage the visitor and consider the validity of the request to visit the school. If this is not the case, then the V-Soft system will print out a visitor's pass which includes the person's name, photo, date of visit, and destination within the building.

What types of identification are acceptable to be used in the V-Soft system?

The following IDs are known to work within the system: Texas Driver License; State ID Card; Concealed Handgun License; Military ID; Government ID; Mexico Driver License; Mexico Consulate ID; Canada Driver License; and, Alien Registration Receipt Cards. This list is not meant to be exhaustive, or to exclude other forms of valid state or government issued photo identification cards. If another form of ID is presented, we will evaluate its use for the V-Soft system.

What Data is Used?

Public sex offender database information is used to screen visitors to the campus, as well as private alert data entered by the school on custody issues and restraining orders. This is NOT a background search – no other criminal information is searched or provided such as traffic tickets, warrants, felonies, etc.

Data Security

The data entered or scanned into the system is secured by GeoTrust Quick SSL. Sites secured by Quick SSL are utilizing 128-bit SSL certificates hereby offering the highest level of encryption or security possible.

Privacy Policy

The data collected is exclusively for the use of the school, school district and law enforcement only. This information is NOT sold or shared with any outside sources.

Does this replace the volunteer criminal background check?

No, RAPTOR only checks for sex offenders. The volunteer criminal background check is required every three years.

What if I don't have a district-approved photo ID; can I still get into the school?

It depends on the purpose of your visit. A campus administrator will evaluate the purpose for the visit and make a determination. If granted, the visit will be monitored and limited solely to the area where you need to go. Before entering the school, you will be asked to provide your first and last name, as well as your date of birth; this information will be manually entered into the V-Soft system and scanned against the RSO database. Assuming clearance, a visitor's pass will be issued.

Do I have to present my photo ID each time I enter a school?

All visitors should be prepared to present their photo ID at each school visited.

What if I'm on the registered sexual offender list? Can I expect to interact with my child and work with the district in educating him/her?

Yes, assuming you do not have a court-order restricting access into the school. You will need to check in with the receptionist upon arrival. A school administrator will visit with you to confirm the purpose of your visit. After this, you should expect that your visit will be monitored in its entirety, as cited in Board policy GKC Local.

Board Policy GKC Local:

Prominent notices shall be posted at each campus requiring all visitors to first report to the campus administrative office. This shall apply to parents, Board members, volunteers, social service workers, invited speakers, maintenance and repair persons not employed by the District, vendors, representatives of the news media, former students, and any other visitors.

Visits to individual classrooms during instructional time shall be permitted only with the principal's and teacher's approval, and such visits shall not be permitted if their duration or frequency interferes with the delivery of instruction or disrupts the normal school environment.

REGISTERED SEX OFFENDERS ON DISTRICT PREMISES

The Superintendent, working with campus administrators, shall develop and implement procedures regarding campus visitors who are identified as sex offenders. These procedures shall address:

1. Parental rights;
2. Escort by District personnel;
3. Access to common areas of the campus;
4. Access to classrooms;
5. Drop off and release of students;
6. Eligibility to serve as volunteers; and
7. Any other relevant issues.

Unless legal documentation (i.e., a court order) prohibits a registered sex offender from being on or within a specified distance of school property, the registered sex offender shall be allowed school-related visitation, as provided by this policy.

To ensure student safety, school administrators shall enforce the following precautions while a registered sex offender is on school property:

1. The sex offender must check in at the main office of the school for all visits, whether scheduled or unscheduled.
2. An administrator or designee shall escort the sex offender to and from all destinations within the building, including all common areas.

LISD CAMPUS VISITOR GUIDELINES | Revised September 2020

3. The sex offender shall not be allowed to act in a volunteer capacity for the school.
4. The sex offender shall only interact or communicate with his or her own child, not with other children in the school.
5. The sex offender shall remain in his or her vehicle, or shall check in at the main office, when dropping off or picking up his or her child.

If a person is identified by V-Soft as an RSO, will that person be allowed into our schools?

If the system identifies a person as an RSO, administrators will immediately receive an alert message from V-Soft on their cell phone and/or e-mail. The campus administrators and SRO, if applicable, would invite the person into a private office to understand the need for the visit. If the Principal agrees to the visit, the person would receive a visitor's pass and then must be escorted to his/her destination. The entire visit would be closely monitored.

What about after-school events that are held in the school; can a parent or legal guardian who has been previously identified through the system as a Registered Sexual Offender go to such an event?

Yes, assuming they have informed the principal of the school that they will be in attendance, as cited in Board Policy GKC Local.

What if a vendor or contractor attempts to gain entrance and is found to be on the Registered Sexual Offender list; will he be given access to the school?

No. S/he will be directed to contact Purchasing and/or Human Resources for further instructions.

What about delivery trucks who deliver to the kitchen dock; will those people have to go through the V-Soft system?

No, unless they have a need to go beyond the kitchen area; then they would be escorted by kitchen staff to the front office to go through the system.

Appendix IV: LISD Student Acceptable Use Policy

LISD Student Acceptable Use Policy

Lewisville Independent School District provides a variety of electronic communications systems for educational purposes. **The electronic communications system is defined as the District's network (including the wireless network), servers, computer workstations, mobile technologies, peripherals, applications, databases, online resources, Internet access, email, and any other technology designated for use by students, including all new technologies as they become available.** This also includes any access to the Lewisville ISD electronics system while on or near school property, in school vehicles and at school-sponsored activities, and includes the appropriate use of district technology resources via off-campus remote access. Please note that the Internet is a network of many types of communication and information networks, including Web 2.0 resources (Blogs, Wikis, Podcasts, etc.), and is part of the district's electronic communications systems. Web 2.0 applications offer a variety of 21st Century communication, collaboration, and educational creativity opportunities. In a 21st Century school system, technologies, the Internet, and Web 2.0 tools are essential.

In accordance with the Children's Internet Protection Act, Lewisville Independent School District educates staff and students regarding appropriate online behavior to ensure Internet safety, including use of email and Web 2.0 resources, and has deployed filtering technology and protection measures to restrict access to inappropriate content such as those that are illegal, harmful, or contain potentially offensive information. While every effort is made to provide the most secure and optimal learning environment, it is not possible to absolutely prevent access (accidental or otherwise) to inappropriate content. **It is each student's responsibility to follow the guidelines for appropriate and acceptable use.**

Web 2.0 Tools

For students under the age of 13 the Children's Online Privacy Protection Act (COPPA) requires additional parental permission for education software tools. Parents wishing to deny access to these educational tools must do so in writing to the campus principal.

Please be aware that certain online educational tools and applications may collect student directory information, including, but not limited to, name, grade, and address for marketing purposes. LISD maintains a list of digital resources that accompany district adopted materials at: lisd.net/ipads. In accordance with the Protection of Pupil Rights Amendment, you may provide written notice to the campus principal no later than the third Friday after your student's first day of school if you do not want your child to use online tools or applications that collect directory information for marketing purposes.

Appropriate Use

- Students must only open, view, modify, and delete their own computer files.
- Internet use at school must be directly related to school assignments and projects.
- Students will be assigned individual accounts and must use only those accounts and passwords that they have been granted permission by the district to use. All account activity should be for educational purposes only.
- Students must immediately report threatening messages or discomfoting Internet files/sites to a teacher.
- Students must at all times use the district's electronic communications system, including email, wireless network access, and Web 2.0 tools/resources to communicate only in ways that are kind and respectful.

- Students are responsible at all times for their use of the district's electronic communications system and must assume personal responsibility to behave ethically and responsibly, even when technology provides them freedom to do otherwise.
- Students will use their LISD username and password to login to the LISD network to access Wi-Fi for filtering purposes on **Bring Your Own Technology (BYOT)* devices. Allowable BYOT devices vary by grade level. For Elementary and Middle School levels, personal cell phones are not considered BYOT and should remain in a child's backpack while inside the school building.
- If generative artificial intelligence is used to generate or refine ideas, students should ensure transparency and acknowledge/reference any contributions made by computer generation.

Inappropriate Use

- Wireless and Personal Hotspots are prohibited.
- Using a personal cell phone outside of what is allowed on your campus.
- Using the district's electronic communications system for illegal purposes including, but not limited to, cyberbullying, gambling, pornography, and computer hacking.
- Disabling or attempting to disable any system monitoring or filtering or security measures.
- Sharing usernames and passwords with others; and/or borrowing someone else's username, password, or account access.
- Purposefully opening, viewing, using or deleting files belonging to another system user without permission.
- Electronically posting personal information about one's self or others (i.e., addresses, phone numbers, and pictures).
- Downloading or plagiarizing copyrighted information without permission from the copyright holder.
- Using any device or technology to record the voice or image of another in any way that disrupts the educational environment, invades the privacy of others, or without the prior consent of the individual being recorded is prohibited.
- Intentionally introducing a virus or other malicious programs onto the district's system.
- Electronically posting messages or accessing materials that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal.
- Gaining unauthorized access to restricted information or network resources.
- Use of generative artificial intelligence to plagiarize material and misrepresent the work as fully your own will be considered academic dishonesty.

Special Note: Cyberbullying

Cyberbullying is defined as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication too. This includes, but may not be limited to:

- Sending abusive text messages to cell phones, computers, or Internet-connected game consoles.
- Posting abusive comments on someone's blog or social networking site (e.g., Instagram, Snapchat, Twitter, or Facebook).
- Creating a social networking site or web page that masquerades as the victim's personal site and using it to embarrass him or her.
- Making it appear that the victim is posting malicious comments about friends to isolate him or her from friends.
- Using AI to generate malicious content such as photos, videos, and messages.

- Posting the victim's personally identifiable information on a site to put them at greater risk of contact by predators.
- Sending abusive comments while playing interactive games.
- Recording and distributing media with the intent to manipulate or embarrass others.

Consequences for Inappropriate Use

- Appropriate disciplinary or legal action in accordance with the Student Code of Conduct and applicable laws including monetary damages.
- Suspension of access to the district's electronic communications system.
- Revocation of the district's electronic communications system account(s); and/or Termination of System User Account: The district may deny, revoke, or suspend specific user's access to the district's system with or without cause or notice for lack of use, violation of policy or regulations regarding acceptable network use, or as a result of disciplinary actions against the user.
- Possible criminal charges.

Emergency Plan

During an emergency situation, students may only use their cell phones to contact 911. All other calls will be in violation of the AUP. Status, actions required, and official information will be communicated to parents and others by the District.

Additional Electronic Communication Devices

LISD embraces learning opportunities available through *Bring Your Own Technology* for our students. It is our goal that students and teachers will collaborate in rich, engaging learning experiences using technology. There are differences in BYOT based upon device type and grade levels. Students are responsible for personal property brought to school and should keep personal items with self or in a locked space.

Bring Your Own Technology (non-cell phones):

Students may bring their own technology and utilize personal electronic communication devices at school and at school activities. BYOT devices include, but are not limited to, the following: laptops, tablets, headphones, eReaders. Students may use these devices in the classroom when the campus or teacher deems them appropriate for educational purposes. All devices must remain silent or be put away unless being used within a lesson during class time. Devices should be charged prior to bringing them to school.

PK-8 Bring Your Own Technology related to cell phones:

Personal cell phones should be "out of sight, out of mind" during the school day. Upon entering the school building, cell phones must be silenced and put away in a backpack, purse, or locker. Cell phones may not be used at any point during the school day, including before school while in the building, during passing periods, lunch, or recess. Elementary parents who need to communicate with their child during the school day can contact the front office and a message can be delivered. Middle school parents who need to communicate with their child during the school day can either email their child directly on their LISD email account or contact the front office and a message can be delivered. For questions or concerns related to health conditions or extenuating circumstances, please contact campus administration.

9-12 Bring Your Own Technology related to cell phones: At the High School level, cell phones must remain silenced and put away during the instructional times in the classroom or as otherwise directed by campus staff or in

accordance with campus and classroom rules, including during all testing, unless they are being used for approved instructional purposes.

Student Agreement

I understand that my use of the Lewisville ISD electronic communication system is not private and that Lewisville ISD will monitor activity on the computer system.

I have read the district's *Acceptable Use Policy* and agree to abide by their provisions.

I understand that violation of these provisions may result in suspension or revocation of system access as well as appropriate disciplinary action.

Student Name
(Please Print) _____

Student ID _____

Campus _____

Grade _____

Student Signature _____

Parent Agreement:

I understand that my child's use of the Lewisville ISD electronic communication system is not private and that the district will monitor activity on the computer system.

I have read the district's *Acceptable Use Policy* and agree to abide by their provisions.

I authorize the Lewisville ISD to provide parental consent on my behalf for the use of any digital instructional resources that requires such consent so long as the consent does not authorize the sale or transfer of confidential student information, including educational records, to a third party.

I understand that violation of these provisions may result in suspension or revocation of system access as well as appropriate disciplinary action.
