Use a Sharps Container

- 1 Visually check sharps container for hazards before handling. Read all labels.

MAKE SURE

container is not overfilled or damaged.

CHECK

that container is large enough to fit your sharp.

- 2 Put sharp in container immediately after use.

Discard a Sharps Container

Stop using sharps container when 2/3 full or filled to FULL line.

- 1 Close sharps container as instructed on label.

Different containers have different closures.

- 2 Bring sharps container to a sharps disposal program.

Find a program through your local waste or public health department, your doctor, veterinarian, hospital or pharmacist.

TYPES OF SHARPS DISPOSAL PROGRAMS:

Mail-back program

Drop box or supervised collection site

Special waste pick-up service

At-home needle destruction device

Syringe exchange program (SEP)

Hazardous waste collection site

If You Cannot Get a Sharps Container...

FDA RECOMMENDS ALWAYS USING FDA-CLEARED CONTAINERS

If you do not have a sharps container, use an empty household container with these features:

DO NOT USE

These containers can break or puncture easily.

Milk container

Soda can

Glass container

Water bottle

Dispose of a household sharps container when it is 2/3 full:

- 1 Close lid and tape shut. Label container.

- 2 Bring container to a sharps disposal program.

If you cannot find a disposal program, put container in center of full trash bag and discard in regular trash.*

* In some areas it is illegal to dispose of sharps in the trash. Please follow your community guidelines.
