LEAD Extracurricular Program • Grades 9-12 8-Week Live Online Course

February 18 - April 7, 2025

Week 1: Tuesday • 8:00-10:00pm CT

Week 2-8: Mondays • 8:00-10:00pm CT

In the LEAD Business Case Competition program, students will build familiarity with major topics in finance and learn to communicate with others about market movements to the depth of explaining the importance of the financial market. Students will learn key accounting and finance terms in addition to analyzing financial and performing a strategic analysis of a company or industry.

The course will culminate with students taking what they have learned over the previous 7 weeks and applying it in a college-style business case study competition. Students will have a chance to engage and collaborate with peers to put together a thorough presentation deck, in which they will break down a business problem, analyze public information, assess the industry, recommend a solution, and defend their position to a panel of judges made up of current finance professionals

Instructor

Christian Kim is a **Product Manager at Google** where he transforms **machine learning** and **artificial intelligence** into products, bringing delight to billions of users worldwide. He graduated with a bachelor's degree in **Economics, History, and Film & Television** from **UCLA** where he was a member of the **Consulting Club**.

Prerequisites

- This program is open to students in grades 9-12
- No prior experience or business knowledge is necessary

Takeaways

- Learn to analyze a company or industry
- Define, structure, build, and present a business presentation
- Compete in a college-style business case competition
- Gain a new activity and/or leadership position to list on their college apps
- Develop critical thinking skills and useful frameworks (e.g. SWOT, Five Forces)
- Get the chance to win an exclusive CFGL business case competition & receive an official certificate of achievement

Top colleges are looking for students with depth, passion, and defined interests. Make your college application stand out with LEAD (Learning Through Extracurricular Activities & Development) extracurricular programs.

Build Foundational and Advanced Math Skills

In the Elite Math Competition Club, we start by reinforcing the fundamentals to ensure that they're rock solid. Then we build upon them to take you to the next level. We'll focus on reviewing past material, mastering new concepts, and developing proven test-taking techniques—skills that will both help prepare you for challenging math competitions like the AMC 8/10/12 and ensure that you're ready for your next level of math courses in high school or college.

Strengthen Your Resume and College Apps

Qualifying scores in prestigious math competitions can have an enormous impact on a student's chances of acceptance to top STEM schools, such as MIT, Caltech, Harvey Mudd, UC Berkeley, and more.
