- The Construction Department was selected by the Board of Trustees to undergo an audit review by an independent thirdparty auditing firm.
- This is just one audit in a series of District-wide audits the Board of Trustees has conducted.
- The auditing firm of McConnell Jones was selected to perform the audit.
- The final audit report summary was presented to the Board at the December 6th Board Work Session.
- The following slides from the report summary provide a highlevel overview of the audit.

Business Objective and Audit Objective

Business Objective:

✓ The Construction Management Department's mission is to successfully plan, design, construct and complete educational and support facilities that promote the district's Strategic Plan and Facility Master Plan in the most cost effective and innovative manner.

Audit Objective:

✓ To assess the District's management control structure to determine if controls and processes in place provide reasonable assurance that the Construction Management Program meets its objectives in an effective and efficient manner and that the District's construction funds are safeguarded against fraud, waste, or abuse.

Slide 2 Diverse Thinking | Unique Perspectives

Audit Focus Areas

Audit Focus:

- Board Policies for Facilities Construction.
- Policies and procedures established by the LISD Construction Department.
- Organization structure and staffing.
- Construction contracting and contract monitoring.
- Construction monitoring processes for renovations and new construction.
- 6. Payment applications.
- 7. Project close out.
- 8. Change orders.
- 9. Information systems.

Slide 3 Diverse Thinking | Unique Perspectives

Construction Management Program

- Does the District's management control structure provide reasonable assurance that the Construction Management Program is effective and efficient?
- 2. Does the District have processes and effective controls in place to ensure that construction-related costs incurred are allowable, approved appropriately, and allocated correctly, and that required deliverables are provided timely?
- 3. Does LISD have processes in place to effectively monitor construction projects for scope (quality and specifications), schedule (on-time), and cost (onbudget)?

Slide 4 Diverse Thinking | Unique Perspectives

Construction Management Program CONT'D

- 4. Does the District have effective controls in place to ensure that changes to contracts are reasonable, authorized, and properly documented?
- 5. Does the Construction Management Program adequately plan for potential supply chain disruptions and construction labor shortages to minimize project delays?

Slide 5 Diverse Thinking | Unique Perspectives

2017 Bond Package Referendum

- Did LISD administer the 2017 bond package referendum in accordance with the voting documents?
- 2. Were the 2017 Bond Program construction projects completed within scope, on time and within budget?
- 3. Is information provided to the public and on the District's website accurate and complete?

Slide 6 Diverse Thinking | Unique Perspectives

Overall, LISD's Construction Department have controls in place to adequately manage and monitor construction projects. They also have managed the bond funds in accordance with the 2017 bond package referendum.

We had no findings related to internal controls or compliance.

Audit Conclusion

Effective

Improvement

Improvement

Unsatisfactory

Needed

Major

Needed

Best Practices Processes – Observations indicate best practice opportunities identified during the course of the review that may add value to the function/department/organization. Best practices do not require management comments and do not require internal follow-up to validate implementation status. Controls evaluated are adequate, appropriate, and effective to provide reasonable assurance that risks are being managed and

objectives should be met.

RATING DESCRIPTION

Effective – Controls evaluated are adequate, appropriate, and effective to provide reasonable assurance that risks are being managed and objectives should be met.

Some Improvement Needed — A few specific control weaknesses were noted; generally however, controls evaluated are adequate, appropriate, and effective to provide reasonable assurance that risks are being managed and objectives should be met.

Major Improvement Needed – Numerous specific control weaknesses were noted. Controls evaluated are unlikely to provide reasonable assurance that risks are being managed and objectives should be met.

Unsatisfactory – Controls evaluated are not adequate, appropriate, or effective to provide reasonable assurance that risks are being managed and objectives should be met.

Slide 7 Diverse Thinking | Unique Perspectives

Commendations The LISD Board of Trustees (Board) reviews and approves **Approvals** contract overruns and change orders. LISD qualified a pool of Construction Manager at Risk for the entire bond program and then awards projects CMAR through an RFP process. Modified payment processes to ensure timely vendor **Timely Payments** payments. CMARs submit weekly reports that include a project stats Status Reports stamp at top right corner. Retrospective Lessons learned meetings with CMARs.

Diverse Thinking | Unique Perspectives

LISD's Construction Department staff execute operations in a consistent, effective, and efficient manner. These processes and controls enable the District to control construction costs, keep projects in-scope, and complete them on-time. They are also scalable and sustainable to meet future needs.

Questions?

LISD Tax Rate Definitions

- Maintenance and Operations (M+O) tax rate
 - The rate at which property values are taxed or levied for general operating expenditures.
- Interest and Sinking (I+S) tax rate
 - The rate levied to service any bonded debt approved by the voters that may have been issued to fund construction and renovation of schools and facilities, including technology, fine arts, and safety and security upgrades.
- Both rates are figured per \$100 of property value.
